# Analogy™ Series

## Seating

With an ergonomically contoured shell and an extensive range of seating choices for K-12 schools, the new Analogy™ Series offers educators yet another high-value Virco classroom furniture solution. Traditional 4-leg chair models can be ordered with 12", 14", 16", 18" and 18½" fixed seat heights; to accommodate taller and larger students in today's high school settings – and in community colleges, trade and technical schools, and other adult learning environments – Analogy's 18½" seat-height chairs are equipped with an extra large (EL) shell.

Other Analogy seating alternatives include an array of rocking chairs, cantilever-leg chairs, adjustable task chairs and lab stools. Combo units with an integrated work surface are available, as shown on the last page of this brochure. These Analogy seating alternatives also include several models with an EL shell.

**ANLAB18 (shown)**

*19¼" - 26⅞" adjustable seat height*

*Also available are:*

**ANLAB18EL** - 19¼" - 26⅞" adjustable seat height

**ANTASK18 (shown)**

*17¾" - 20⅜" adjustable seat height*

*Also available are:*

# Analogy Chair Desk Combos

All Analogy™ chair desk combo units are equipped with a durable, highly sustainable Fortified Recycled Wood™ hard plastic work surface. Traditional 4-leg combos can be specified with or without an underseat bookrack and a backpack hanger, while sled-based combos provide students with easy seat access from either side of the unit.

The Analogy line also features a selection of Agile Combo models that have a hooded, twin-wheel soft caster with a “sit-lock” compression-brake on each of its front legs. This two-caster configuration lets Agile Combos provide an appropriate level of mobility to effectively enhance in-class collaboration. For added stability when units aren’t being moved, the rear legs of Agile Combos have rubber-base swivel glides.

ACA1M (shown)

16 models are available; standard 18" seat or EL seat, both with or without a bookrack or backpack hanger.

ANSEL3M (shown)

2 models are available; EL seat only, with or without a backpack hanger.

### Analogy Agile Combo

Front mounted casters on Analogy Agile Combo units help facilitate rearranging classroom environments for collaborative learning or floor cleaning.

ANC1M (shown)

16 models are available; standard 18" seat or EL seat, both with or without a bookrack or backpack hanger.
