

VIRCO

Furniture & Equipment

About Virco

When Virco first opened for business in Southern California back in 1950, we had one customer on our books. Our goal was – and still is – to provide reliable, high-value furniture and courteous, efficient service. Four years later, to meet the needs of our quickly growing customer base, we added another factory in Conway, Arkansas.

Ever since, as demand has increased, Virco has kept pace by continually expanding and upgrading our domestic facilities. Today, Virco serves you from two state-of-the-art U.S. locations: a 560,000 square-foot plant in Torrance, California and a multi-plant operation with 1,750,000 square feet of space in Conway. As America's largest manufacturer and supplier of furniture and equipment for K-12 schools – and a leading furniture and equipment source for convention centers and arenas, colleges and universities, hospitality providers, government facilities, and places of worship – Virco continues to give customers the unparalleled advantages of working with an experienced U.S. manufacturer.

Conway, Arkansas

Torrance, California

Founder Julian Virtue at the 1950 Virco groundbreaking in Los Angeles, CA.

INCLUSION

It is sometimes the case that we can learn more about ourselves from others than from looking in the mirror. As a company founded in 1950 to support America's public schools, Virco has been fortunate to participate in one of our country's finest and most emulated institutions. But we also sell furniture to international schools around the world, and one of the things we find most interesting is their desire to imitate the appearance of American schools in the hope of reproducing the impact of American schools.

This is not merely an aspiration for higher test scores or full employment. Those are viewed as desirable side effects of the real genius of American Public Education, which is inclusion. It is this genius that continues to attract immigrants from around the world to become U.S. citizens; it is this genius that inspired the founders of this nation, who themselves were immigrants.

Inclusion is more optimistic than diversity. Inclusion doesn't just notice our differences, it welcomes them as a source of strength. Inclusion means sincerely inviting people with different perspectives or abilities to participate responsibly at all levels of civic and social life. We believe this sense of welcome can be quietly conveyed through things like school furniture. The message is: We all contribute. We all belong.

Multiple studies have suggested that successful early education confers lifelong benefits. But it is also true that without a safe and welcoming school setting, some students will feel excluded. We are proud to offer an expanded line of student seating and desks to support a broad range of learning styles without the stigma of highly specialized designs. Especially fun is our Floor Rocker, which is as popular with adults as students. Among our proudest recognitions are personal letters from students and their families detailing how these products have encouraged full participation in coursework, collaboration, teamwork, and responsibility. These tacit lessons of a public education don't necessarily show up in test scores. But they are essential to a respectful and productive civil society.

As always, we thank our customers for their support. Without it, we couldn't do the work we do.

Robert A. Virtue

CHAIRS

Virco founder Julian Virtue revolutionized classroom furniture when he placed a molded plastic seat atop sturdy chromed-steel legs. Student seating could now support the whole learning experience through comfort, ergonomics and style – all at a price that fits school budgets. Today Virco offers a vast lineup of seating solutions for schools, offices, dining and event venues in a wide range of styles, materials, colors and sizes – all built with the legendary durability that keeps our chairs performing year after year.

SUGGESTED SIZE SELECTOR

	Seat Heights						
Grade	10"	12"	13"	14"	15"	16"	18"
Preschool	■	■					
Kindergarten		■	■	■			
1 st Grade		■	■	■	■		
2 nd Grade				■	■		
3 rd Grade					■	■	
4 th Grade					■	■	
5 th Grade - Adult							■

SUGGESTIONS ARE FOR STUDENTS OF AVERAGE HEIGHT AND WEIGHT.

Seat heights should be measured by calculating the distance from the floor to the top of the front curve of the seat. Measurements should not be taken at the seat's side or rear. If at all possible, measure the heights of a representative sample of students in each grade prior to each school year. This will help you more accurately determine your specific seating needs as time goes by.

ZUMA® Series – 4-Leg Stack Chairs

ZUMA Series 4-leg stacking chairs bridge the gap with seating that offers ergonomic support, playful style and durable construction. This 4-leg stack chair features a tubular steel frame, a one-piece, molded polypropylene shell and is available in a range of seat heights from 10" to 18".

ZU410 10" seat height	ZU413 13" seat height	ZU415 15" seat height	ZU418 18" seat height

OPTIONAL CONFIGURATIONS

- FG** FELT-BASE GLIDES **SG** STEEL-BASE GLIDES **A** ARMRESTS **BR** BOOKRACK **G** GANGING DEVICE **LP** LOW PROFILE SEAT PAD

Armrests are not available on 10" seat height chairs. Bookrack, Ganging Device and Low-Profile Seat Pad are only available on 18" seat height chairs.

ZUMA® Series – C2M 4-Leg Chairs

ZUMA Series C2M (Choose to Move) 4-leg chairs offer the ultimate choice in flexible seating with a unique patent-pending mode selector. In active mode, the chair allows controlled movement with air coils that flex and compress as you move in all directions – from side-to-side, back-and-forth and in-between. When conventional seating is more appropriate, a simple twist transforms the chair into an ergonomic, fixed position.

DESKS

Virco classroom desks help educators make the most of their learning spaces. For today's diverse teaching methods, we offer desks that support solo learning as well as collaboration, combining in groups for easy discussion and exchange of ideas. Sturdy, ergonomic designs can be customized with book boxes, backpack hangers, bookracks and more, and many models are height-adjustable and mobile too. Teacher's desks with a variety of options further support classroom layouts. And in office and administrative settings, Virco desks provide a seamless transition from one task to the next to meet a range of organizational needs.

ZUMA® Series – Fixed-Height Desks

ZUMA desks offer playful style and durable construction. The ZUMA Series 4-leg fixed-height desks feature a 30" top height and an FRW™ hard plastic work surface, which includes a pencil groove.

Z202630M 30" fixed-height with a 20" x 26½" rectangle shape hard plastic work surface.

53 Series – Pedestal Desks

53 Series desks feature a post-formed high-pressure laminate work surface atop a study steel frame with a 29" fixed top-height. Stand-alone single-pedestal desks come with drawers, featuring a locking box and file drawer on either the right or left side; in addition, there's a stand-alone double-pedestal model. A return can be attached to the open end of either single pedestal desk to create an L-shaped configuration.

53 Series – Options

Topaz® Series – Teachers' Desks

The Topaz Series, designed by the award-winning team of Peter Glass and Bob Mills, combines sleek design with innovative versatility to support modern learning environments. Blending beauty and functionality, the Topaz Series teachers' desk was designed with teachers in mind. Single or double-pedestal models feature a high-pressure laminate work surface with 3mm profile edge banding and 30" fixed-height.

The Topaz Series teacher accessory table's seamless nesting design offers a versatile companion to the teacher's desk. Create additional workspace for grading work, or easily transform the space for one-on-one collaboration with students.

Topaz® Series – Features and Options

Large file drawer accommodates letter and legal size hanging files, which glide easily on full-extension slides.

Integrated power features 2 USB and 2 power ports.

Optional tip-out drawer allows for easy access to devices while being able to keep them plugged in.

Plateau® Series – Features and Accessories

PTSTRAP

Velcro® straps attach beneath table tops to organize wires and cables.

PTTROUGH

A 6-foot 4-channel PVC wire chase can be mounted beneath table tops or used to manage wires and cables between tables.

T762ELECT

A 12-foot cord power strip with diagnostic LEDs features seven outlets and exceeds IEEE 587 category A & B surge suppression specifications.

Key-Alike Option

Enable drawers and storage units to open with a single key for convenience and efficiency.

PTTRAY

The 6" x 14" steel tray allows you to conveniently and effectively manage wires, cables and related items beneath desks, returns and credenzas.

TKBMT19 and TKBMT24

These retractable 15"D x 19¼"W or 24¾"W keyboard mouse trays mount underneath the work surface, helping to maximize desk-top space.

TKBMA291

An articulating keyboard mouse arm lets you adjust height and tilt with a single, soft-touch knob. It is available in a 29" width with a counterweight spring for easy use.

UPDRW & UPDRWL

A 13" x 22" plastic sliding drawer with pencil tray mounts easily beneath Plateau work surfaces. A locking version is also available (model UPDRWL).

PTDCPU

A 6" x 14" hanging CPU holder mounts securely beneath work surfaces and accommodates central processing units up to 9" wide.

Parameter® Series – Administrative & Teacher Desks

The Parameter Series desk collection, developed in collaboration with award-winning designers Peter Glass and Bob Mills, includes a variety of stylish furniture for the classroom or office; all offering a fixed-height of 29½" and high-pressure laminate work surface. Whether you need single or double-pedestal desks, L-configuration workstations, or desk/credenza combinations, Parameter® offers lots of exciting furniture choices for teachers, principals and administrators.

TOPS
A 1½" thick high-pressure laminate top with color-coordinated edge banding rests on ribbed riser blocks for a "floating" appearance.

LOCK
All drawers in each pedestal are controlled by a centrally positioned core-removable lock.

GROMMET
Parameter grommets let you readily route multiple wires and cables beneath the work surface.

RISER BLOCK
Riser blocks direct cables from the desktop into the Parameter modesty panel's wire management trough.

MODESTY PANEL
Parameter's perforated steel modesty panel includes a wire management trough for organizing wires and cables.

PEDESTAL
With heavy-gauge steel construction, elegant designer drawer pulls, and full-extension ball-bearing slides, Parameter pedestals combine good looks and reliable performance.

FILE STOPPER
File drawers come with a sliding backstop to help organize files.

ADJUSTABLE FOOT
Sturdy Parameter feet have a 1" adjustment range; selected models are standard with twin-wheel locking casters for mobility.

STAND-ALONE DESKS

Available with a variety of top sizes and pedestal drawer configurations, Parameter stand-alone desks are great for teachers, administrators and support staff. Caster options allow for mobile classroom workstations while help desks with a rounded top on one end are ideal for helping students one-on-one with their work.

L-CONFIGURATION WORKSTATIONS

L-configuration desk and return workstations are available with rectangular tops, with peninsula returns that have a rounded end for small group meetings, or with a help desk and your choice of returns. Units on casters can be "unlocked" and rolled away to different areas for small group work, to support instructional technology, or for other applications.

CREDENZAS

Parameter gives you a choice of stationary credenzas with adjustable feet, or mobile models with casters. Maximize the storage capacity in your workspace with solutions that offer functionality and style.

Parameter® Series – Overhead Units

The Parameter Series desks can be combined with an overhead storage unit ranging in size from 48" to 72" long. Choose from a single desk, single-pedestal desk, double-pedestal credenza desk, help desk or L-configuration desk. Models with overheads can be complemented with an optional fabric, laminate or metal screen. Overhead units have either one or two locking flipper doors, depending on the model.

Parameter® Series – Transaction Stations

The Parameter Series line combines desks and workstations with transaction counters, designed to facilitate a welcoming reception area. Several transaction station work surface styles are available, all providing ample workspace and a functional design.

- 1 - 12" wide rectangular forward overhanging counter top.
- 2 - 8½" wide rectangular flush-mounted counter top.
- 3 - 12"-8½" wide inward mounted counter top with right-side monitor recess.
- 4 - 8½"-12" wide inward mounted counter top with left-side monitor recess.
- 5 - 16" wide crescent inward and forward mounted counter top.

Parameter® Series – Credenzas with Overheads

Credenzas can be paired with a locking two-door overhead for added storage. All credenzas with overhead units are 64"W x 23"D x 64"H.

PRFC6410
Two-door overhead, credenza with four lateral file drawers.

PRFC6420
Two-door overhead, credenza with two file and three lateral file drawers.

PRFC6430
Two-door overhead, credenza with two box, one file and three lateral file drawers.

Parameter® Series – Credenzas

Credenzas are offered in two sizes with combinations of lateral files, box files and box drawers. All units are 29½"H x 23"D.

Parameter® Series – Mobile and Fixed Pedestal Units

Mobile and fixed pedestal units expand storage solutions for the Parameter Series; both designed to work side-by-side with desks and workstations.

PRMP1620FFC
Two file drawers, casters.

PRMP1620BBFC
Two box, one file drawer, casters.

PRMP1624RBBFC
Two box, one file drawer, casters, riser block and laminate top (shown).

PRMP1624RFF
Two file drawers, riser block and laminate top (shown).

PRMP1624RBBF
Two box, one file drawer, riser block and laminate top.

PRMP1624RFFC
Two file drawers, casters, riser block and laminate top.

Parameter® Series – Options and Accessories

53LFDD
Drawer divider kit in steel.

MMKEY
Master key for keyed-alike lock core.

CBKLF
Conversion Bar Kit: Four bars enable lateral files to accommodate legal and letter size documents from front-to-back, rather than side-to-side.

PRLS SHROUD
Leg shroud, formed steel, for use with Parameter desks and workstations with adjustable-height feet only, field-installed.

PRPS SHROUD
Pedestal shroud, formed steel, for use with Parameter desks, workstations and stand-alone pedestals with adjustable-height feet only, field-installed.

PRWMP22, PRWMP28, and PRWMP40
Wire management panels for various lengths to accommodate Parameter models; 22"L, 28"L, 40"L.

TABLES

In today's dynamic environments, the right work surface is often an integral part of the activity itself. And for virtually every activity that takes place in a classroom, conference room or event space, Virco has a table to match. Our versatile activity tables have become the standard for general use, inside and outside the classroom. Sturdy fixed or adjustable height legs with hard-working surface materials and shapes support focused study time as well as collaboration. For specialty areas, we offer tables to meet the needs of science and computer labs as well as libraries and training rooms. Our dining options can take on everything from intimate cafés to all-school cafeterias in colors and styles that support modern spaces.

4000 Series – Activity Tables

With distinct shapes and a multitude of sizes, Virco activity tables form a solid foundation for classroom, café, workroom or seminar activities. Choose from an array of tables that can be organized into groups, split into separate areas, set at different heights or a combination of all three. 4000 Series tables offer the classic look of a thin profile leg offered in adjustable or fixed-height.

TEXT® Series – Technology Tables

TEXT Series technology tables were designed to meet the needs of technology labs and computer classrooms. Each table includes a perforated steel modesty panel with two generous wire pass-through openings, two grommets and two wire management trays. Models are available with a high-pressure laminate work surface and a 26" to 34" adjustable-height range.

TEXT® Series – Hinged Wire-Trough Tables

TEXT Series hinged wire-trough tables offer technology-ready tables with an adjustable-height range of 26" to 34". Models feature a convenient 6" deep wire trough for enhanced wire and cable management as well as scalloped wire management cut outs. Because the wire trough has a hinged rear door, tables have an uninterrupted work surface.

TEXT® Series – Tilt-Top Tables

TEXT Series tilt-top tables deliver space-saving solutions and flexibility with tables that fold vertically, roll away, and neatly nest together for easy storage. Available in rectangular and slide shapes, tables come in a 30" fixed-height or 24" to 32" adjustable-height with casters for quick mobile set-ups. A convenient single release mechanism offers easy folding and unfolding.

Tilt-top tables have single-post legs.

TEXT® Series – Table Accessories

STORAGE

ZBOX - Plastic book box with pencil tray measuring 19¾"W x 17"D x 4¼"H.

ZBR - Wire book basket: 18"W x 15"D x 4"H.

ZBRT - Wire book basket with a spacious paper/pencil tray.

UPDRW - Plastic pencil drawer measuring 13" x 22".

UPDRWL - Plastic pencil drawer with lock measuring 13" x 22".

ZBH - Backpack hanger

MODESTY PANELS

TMOD27 - Perforated steel modesty panel for use with 27" long TEXT tables.

TMOD36 - Perforated steel modesty panel for use with 36" long TEXT tables.

TMOD48 - Perforated steel modesty panel for use with 48" long TEXT tables.

TMOD54 - Perforated steel modesty panel for use with 54" long TEXT tables.

TMOD60 - Perforated steel modesty panel for use with 60" long TEXT tables.

TMOD72 - Perforated steel modesty panel for use with 72" long TEXT tables.

CASTERS

TLCASTER - 4-pack of twin-wheel, 3" diameter locking swivel casters for use with TEXT tables. Please note: Casters add 3" to the top height of TEXT tables.

COMPUTER ACCESSORIES

TEXTCPU - Adjustable CPU holder designed to allow leg-mounting of a CPU on a TEXT Series adjustable- or fixed-height table. Variable width adjustment to support CPUs between 3¾" to 7½" wide.

WIRE MANAGEMENT

TWMT36, TWMT48, TWMT54, TWMT60 and TWMT72 - Wire management trays for various widths to accommodate all TEXT models; 36"W, 48"W, 54"W, 60"W, 72"W.

TGANG - A metal plate for ganging two TEXT tables together.

TWMB - Wire management bridge tray allows wires and cables to feed from one table's TEXT wire management tray to the next.

TWC12 - Leg-mounted wire chase for adjustable-height tables neatly provides tabletop to floor routing for cables.

TWC16 - Leg-mounted wire chase for fixed-height tables neatly provides tabletop to floor routing for cables.

THEC - End caps for wire trough tables.

POWER/COMMUNICATIONS

REVEAL - Power port with four individual 15-AMP outlets and 6-foot power cord. The device slides on ball-bearing track with 3¾" travel and locks into place.

Additional accessories are listed on page 151.

Plateau® Series – Media Tables

Plateau Series media tables were designed to create a collaborative environment in schools and in the workplace. Its “floating” tabletop design features rectangular and peninsula-shaped models with standard fixed heights of 29", adjustable heights of 26"-34" or stand-up heights of 39". Power and data ports and optional TV arms combine to create a uniquely functional workspace that encourages interactions.

Plateau® Series – Library Tables

Plateau Series library and technology tables include an array of rectangular tables with a standard 29" or stand-up 39" fixed-height work surface, as well as trapezoid and hexagon configurations. Tables have ample space and can accommodate library-based technology with large rectangular grommets for power-data modules or cable management.

OPTIONAL ACCESSORIES:

KEYBOARD MOUSE TRAY, POWER/DATA PORT, WIRE MANAGEMENT/MODESTY PANEL, CPU CADDY, SWIVEL CASTERS, WIRE CHASE

For information on accessories see pages 128 and 151.

Plateau® Series – Table Accessories

WIRE MANAGEMENT

PTTRAY - Effectively manage wires, cables and related items beneath Plateau tables with this 6" x 14" steel wire management tray.

PTSTRAP - Velcro® straps attach beneath table tops to organize wires and cables.

PTTROUGH - Flexible 6-foot 4-channel PVC wire chase can be mounted beneath table tops or used to manage wires and cables between tables. Lengths and can be cut to fit smaller tables.

PTHVWC2, PTHVWC3 - U-channel wire chase, top caps and connecting sleeve; PTHVWC2 - 2"H; PTHVWC - 3"H

PTHVWCEND - A pair of optional end caps with wire pass-through holes which cover the end of the channel and can be secured with screws.

MODESTY PANELS

PTMODPNL5 - With our wire management/modesty panels for 60" straight edges, you can conveniently route power and communication cables beneath the table top.

PTMODPNL6 - With our wire management/modesty panels for 72" straight edges, you can conveniently route power and communication cables beneath the table top.

CASTERS

PTLCASTER - 4-pack of twin-wheel, 2⅜" diameter swivel locking casters.

Additional accessories are listed on page 151.

Science Tables – Wood-Framed

Virco's heavy-duty science tables feature a premium epoxy resin work surface or a durable Chemsurf® high-pressure laminate surface that's both chemical and acid-resistant. Wood-framed science tables are available with 30" fixed-height legs.

Chemical-Resistant Science Table Tops

Epoxy Resin Top

Virco's most durable science table top, a 1" thick epoxy resin top, provides superior resistance to abrasion, lab chemicals, acid, heat and moisture.

Chemsurf Top with Sure Edge

Chemsurf high-pressure laminate work surfaces, Virco's mid-grade science table top, provide heat and chemical resistance and are also acid-resistant and water-resistant.

Science Lab Demonstration Table

SCISINKDEMO

Virco's lab demonstration center includes a two-sided mirror/ marker board, as well as a sink with a hand-pump faucet, and a chemical resistant top. There are four locking drawers, two cupboard spaces, and swivel casters for mobility. The unit measures 54"W x 30"D x 36"H.

Tetra™ Series – Tables

Tetra Series tables can serve as an everyday workstation or be customized to suit the needs of a fast-paced computer lab or seminar training room. Choose from a 26" to 34" adjustable-height or a 30" fixed-height. Optional configurations include one, two or three desktop grommets for wire management.

Flip-Top Technology Tables – Features

Security

Each flip-top compartment locks for security.

Connectivity

A generous port at each end of the flip-top compartment enables the networking of tables with power and data lines.

Spacious

With 5½" of top-to-bottom storage capacity, 6" deep flip-top compartments provide lots of space for wires, cables and surge protectors.

Clean Design

A subtly contoured cut-out at the rear of the work surface enables wires and cables to be routed into the flip-top compartment.

MTS Series – Mobile Stool Tables

Mobile stool tables deliver a safe, easy and mobile option for versatile cafeteria and lunchroom spaces. A specially designed torsion bar, automatic locking feature and 4 swivel casters allow tables to fold, unfold and transport effortlessly, neatly storing in a secure, upright position when not in use. Round stools feature a 13" diameter top and tables are available with a high-pressure laminate surface.

The ¾" thick top construction features a high-pressure laminate surface, a high-density particleboard core, and a backing sheet to help prevent warping.

Edges are protected by T-mold edge banding. Optional Sure Edge® finish available.

Clearance between table tops helps prevent pinched fingers.

Virco's sturdy ABS plastic stools provide unparalleled strength and durability.

A torsion bar facilitates easy table folding and unfolding.

Each middle leg has a 1" rubber crutch tip, reinforced with steel inserts for longer wear.

3½" swivel casters have ball-bearing raceways for easy mobility.

Each seat has its own direct-to-floor load-bearing column, providing its own support without cross members running in between seats.

Bench, Table and Storage

Virco's versatile convertible bench tables can provide bench-style seating with a continuous backrest.

Convertible bench tables can also work as smaller versions of Virco's mobile bench tables.

For storage, simply fold the convertible bench table into its closed position, then wheel it away.

Ganging Devices

Virco convertible bench tables can be ganged to create a two-sided bench table when tables are ordered with the factory-installed ganging device.

MTB Series – Mobile Bench Tables

Virco's mobile tables with built-in bench seating provide versatile and inviting cafeteria seating. Up-lock and down-lock mechanisms combined with heavy-duty wheel assemblies allow for simple setting up and tearing down. Unique torsion bars allow users to fold and unfold bench tables safely and smoothly. Tables are available in round and rectangular shapes with a high-pressure laminate surface.

Mobile Folding Table – Features

Clearance between table tops help avoid pinched fingers.

Torsion bars help tables fold and unfold smoothly.

An up-lock mechanism holds tables in place while folded, and a down-lock mechanism holds tables in place when unfolded.

Tables feature a safety device that helps avoid pinched fingers during set-up. The device must be manually released before the table can be completely unfolded.

Tables roll on four 3 1/2" swivel casters, reducing marring and damage to floors.

Civitas® Series – Table Tops

Civitas Series table tops are available in a selection of round, square and squircle shapes with a ¾" plywood-core high-pressure laminate surface and various edge stylings. Pair with numerous base styles from the Civitas or Lunada Series to create a fresh look in any café or dining hall.

Lunada® Series – Café Table Bases

Lunada Series café table bases, developed by award-winning designer Peter Glass, combine contemporary styling with easy assembly. Choose from x-shaped or bi-point base styles, both featuring sturdy die-cast aluminum foot construction and heavy-gauge steel columns. Top heights range in size from 29" fixed-height to 41" standing fixed-height.

Three Heights

Virco table bases can be ordered to enable three table heights. In addition to our models which provide a standard 29" table top height, additional models are available for mid-height use and models for 41" stand-up height table tops.

6000 Series – Folding Tables

6000 Series folding tables feature a ¾" particleboard core with a fused-on melamine top and a straight-leg style for a clean, simple look. All tables are strengthened by a steel support apron and have a patented Safe Edge® that helps hands and fingers avoid cuts and scratches. When the table is not in use, a spring clip locks table legs in a folded position. Our patented corner supports give the top surface added protection while stacking.

Locking Mechanism for Wishbone and C-Leg Designs

Virco's patented locking mechanism adds strength, security and convenience to our wishbone and C-leg designs. When setting up tables, simply unfold each leg with an outward motion to extend the hinges and engage the gravity-lock pin. To return legs to a folded position, set the table on its side and push the gravity-lock pin toward the table top, disengaging the pin from its locked position and allowing you to easily complete the folding process.

Round Table Leg Features

Round Core-a-Gator tables have a convenient spring clip mechanism that securely locks unfolded legs in position (left). Folded legs are held in place by injection-molded retention clamps for safe transport and storage (right).

Outdoor Furniture

Virco's outdoor furniture features all-steel construction with a vibrant, thermoplastic-coated finish. These units offer an easy walk-through design with an expanded metal diamond pattern on tops and seats. Available in portable or permanent mount options, these models provide a durable, high-quality seating solution or any high-traffic outdoor environment.

STORAGE

Virco’s versatile storage solutions provide organization from the classroom to the boardroom. Traditional wood or sturdy metal bookcases feature adjustable shelves and a variety of sizes and configurations, while mobile storage cabinets deliver maximum flexibility and convenience. Vertical and lateral filing systems offer locking drawers that fully extend to easily find documents and keep them secure. A range of stylish and functional presentation towers and media carts allows educators to organize and store learning materials while providing an effective place to deliver presentations. And because storage space is often as dynamic as the task on hand, many styles can add casters for easy movement from place to place.

Topaz® Series – Mobile Cabinets

The Topaz Series Mobile Storage Collection offers an array of styles, sizes and configurations. These durable and functional mobile storage units are available with either adjustable shelves, removable tote trays or pull-out drawers. All models are equipped with two swivel casters for smooth mobility, while two locking casters keep units in place when needed.

Topaz® Series – Classroom Cart

Topaz Series Classroom Carts conveniently store, organize and transport all essentials for teachers and students alike. Casters offer quick and smooth mobility from one task to the next – two locking casters keep the cart in place when necessary. Spacious shelves offer ample storage, while the smooth flat top can be used as a workspace. Guide rails on the lower shelves accommodate 3", 6" and 12" tote trays so instructors can interchange trays based on their needs.

TZCART

37 3⁄8"W x 18"D x 38 3⁄4"H
Topaz Series classroom cart features three non-adjustable shelves; top shelf measures 36" x 18"; middle and bottom shelves measure 31 3⁄8" x 16 1⁄2".

Topaz® Series – Accessories

Topaz® Series – Mobile Bookcases

Topaz Series Mobile Bookcases deliver efficient storage solutions for the classroom and beyond. Casters offer flexibility to rearrange when needed, while convenient front-locking casters keep the bookcase in place when not in motion. Shelves adjust in 1⁄2" increments – maximizing storage and providing a customizable solution for any classroom setting.

iTip-Over Prevention

Furniture tip-overs can cause serious injuries; for your safety, **ALL BOOKCASES 60" TALL AND OVER MUST BE SECURELY ANCHORED TO A WALL** with the provided safety restraints.

All Virco bookcases 60" tall and over include a Safety Restraint Kit which provides a safety lanyard, hardware and assembly instructions.

Attach lanyard to wall studs and bookcase top surface. This safety measure applies to solid wood, laminated wood and metal bookcases over 60" high.

Plateau® Series – Bookcases

Plateau Series heavy-duty, yet stylish bookcases feature adjustable-height steel shelves, fully welded steel frames, and durable laminated top and side panels. Bookcases measure 14¼" deep and are available in either 36" or 48" widths. All models are equipped with 11" deep shelves that adjust in ½" increments.

i 60", 72" and 84" high bookcases must be anchored to a wall. See page 158 for details.

ECCUB244815 (front)
Mobile one-sided storage unit with two shelves and five compartments; 48"W x 15"D x 23½"H.

ECCUB364815 (front)
Mobile one-sided storage unit with three shelves and eight compartments; 48"W x 15"D x 38"H.

ECCUB304818 (back)
Extra-deep mobile one-sided storage unit with two shelves and five compartments; 48"W x 18"D x 30"H.

ECCUB304815 (back)
Mobile one-sided storage unit with two shelves and five compartments; 48"W x 15"D x 30"H.

ECCUB364818 (back)
Extra-deep mobile one-sided storage unit with three shelves and eight compartments; 48"W x 18"D x 38"H.

ECCUB249615
Mobile folding storage unit with ten compartments; can be folded and secured with latch; 96"W x 15"D x 23½"H (unfolded).

ECCUB309615
Mobile folding storage unit with ten compartments; can be folded and secured with latch; 96"W x 15"D x 30"H (unfolded).

ECSTORPUZ
Table-top puzzle rack; 12 puzzle capacity; 14¾"W x 14"D x 15¾"H.

ECCUB483615
Multi-purpose bookshelf with four shelves; 36"W x 15"D x 49"H.

ECCUB484816
Multi-purpose storage unit with 15" square cubbies; 48"W x 15"D x 48"H.

Book Display Stands

Book display stands offer your early learning environments durable, spacious book display and storage solutions. For early learning classrooms with a large number of books, double-sided mobile units offer large amounts of shelf space, back and side storage. Other models provide markerboard backs or double duty as book displays and storage units

ECBKRAK5DF
Double-faced book display stand with four shelves per side; 30"W x 15½"D x 29"H.

ECBROWSER
Mobile book browser with 8-section top, a side easel and lower storage area; 48"W x 29"D x 23½"H.

ECLCTRNWHT
Book display stand with storage and white markerboard; 24"W x 15"D x 28"H.

ECBKRAK5
Five shelves in front; four-shelf storage area on reverse side; 30"W x 11"D x 29"H.

ECBKRAK6BRD
Six shelves in front that can accommodate 30 books; two additional storage shelves and markerboard on reverse side; 30"W x 25"D x 30"H.

ECBKRAKDH
Mobile hinged double-sided book display with four shelves (three adjustable) on either side; each side measures 48"W x 18"D x 50"H, opens to 96"W.

Presentation Stations

Presentation stations are ideal for classroom, office and seminar applications that require mobility and multimedia workstations. Offered in our popular TEXT and Plateau Series, Virco presentation stations provide optimal versatility and functionality with spacious work surfaces, wire management solutions, and casters to deliver smooth movement throughout any environment.

TEXT® Series Presentation Station – TEPS
48"W x 24"D x 26"-34"H
TEXT Series presentation station features a high-pressure laminate top with two grommets, an adjustable top height of 26" to 34" and 3" twin-wheel locking casters. Other features include a perforated steel modesty panel, a wire management tray, a 13" x 22" plastic pencil drawer and a leg-mounted wire chase.

Plateau® Series Presentation Station – PTPS
36"W x 24"D x 39½"H. Shown with PTPSSHELF, PTBKSTD, PTPSMOD and TLCASTER
Plateau Series presentation station features a high-pressure laminate top with two grommets; four 2" diameter legs – each with a convenient wire chase – and a 19" x 31" shelf with mounting brackets.

OPTIONAL ACCESSORIES
BOOKSTAND, SHELF, MODESTY PANEL, CASTERS

Lecterns

The Plateau Series mobile lectern is ideal for classroom lectures, seminars and public speaking events. The lectern features high-pressure laminate and durable die-cast legs, while casters provide easy mobility.

Plateau® Series Lectern - PTLCTRN
Plateau Series mobile lectern features a storage compartment, slanted bookstand and modesty panel; 28"W x 20"D x 42"H.

Carts

Mobile book carts make viewing, storing and transporting books convenient for students and teachers. All carts feature four casters for easy mobility.

LBT33
Wooden library cart with four sloping two-sided shelves and 4" casters. 17"D x 33"W x 44"H.

CARTS AND DOLLIES

Virco's line of furniture trucks and dollies transport and store Virco furniture with safety and ease. Designed to deliver maximum maneuverability, sturdy steel construction and heavy-duty casters provide balanced control when transporting Virco stackable chairs and folding tables. When furniture is not in use, simply move and neatly store away for a convenient space-saving solution.

Chair Trucks

Safely move and store Virco seating products with our line of durable chair trucks. Trucks and dollies feature sturdy steel frames and rubber swivel casters, which provide smooth control and excellent maneuverability.

HCT6
76"W x 21"D x 38¼"H. The HCT6 enables upright, single-tier storage of selected Virco folding chairs.

HCT8
100"W x 21"D x 38¼"H. The HCT8 enables upright, single-tier storage of selected Virco folding chairs.

HCT6072
68"W x 30¾"D x 69¾"H. This two-tier unit moves and stores a variety of Virco folding chairs.

HCT789
40⅜"W x 20⅞"D x 61"H. The sturdy HCT789 helps you move a wide range of Virco stack chairs.

HCT4
69⅞"W x 23¼"D x 44¾"H. The deluxe 4-wheel HCT4 helps you move and store a wide range of Virco stack chairs.

See chart on next page for storage equipment capacities.

Large-Scale Chair Storage

Virco's ultra-durable chair trucks are able to store and transport a large volume of chairs at once. A heavy-duty steel frame and 8" casters provide a reliable and sturdy solution for banquet halls, hotels, convention centers and schools. Chair trucks may be stacked three-high.

See Stackable Storage on page 177 for more information.

SCT115U
105"W x 60"D x 74¾"H

SCT1978SU
81"W x 43⅜"D x 58⅞"H

SCT1978KD
81"W x 43⅜"D x 58⅞"H;
Some assembly required.

SCT1996SU
98⅞"W x 43⅜"D x 58⅞"H

SCT1996KD
98⅞"W x 43⅜"D x 58⅞"H;
Some assembly required.

SCT19125SU
127⅞"W x 43⅜"D x 58⅞"H

SCT19125KD
127⅞"W x 43⅜"D x 58⅞"H;
Some assembly required.

See chart on next page for storage equipment capacities.

Table trucks were designed to be used exclusively with Virco products.

Stackable Storage

Select Virco storage trucks may be stacked three-high, allowing three times the number of chairs and tables to be stored in the same footprint that would otherwise be occupied by a single truck, maximizing the use of vertical storage space. V-shaped bars on the top and bottom of these storage carts hold stacked units in place (see figure 1).

PLEASE NOTE: Virco's floor support stand system (model SCTSBL) must be used when storage trucks are stacked. When in use, a coupler rod holds each of the system's stands in place (see figure 2).

SCTSBL

Virco's starter blocks protect casters when storage trucks are being stacked by keeping the weight off the casters. Virco's floor support stand system must be used when storage trucks are stacked and is designed for use with the following storage truck models: TT57SU, TT1872SU, TT1896SU, TT3072SU, TT3096SU, SCT11SU, SCT11KD, SCT1978SU, SCT1978KD, SCT1996SU, SCT1996KD, SCT19125SU, and SCT19125KD.

The storage unit model numbers have either "SU" or "KD" endings. Welded SU models are shipped already "set-up" and require no assembly. KD, or "knock-down" units are shipped in component form and do require some assembly prior to use.

ESSENTIALS

To meet the comprehensive equipment needs of education facilities, we've grouped an assortment of products to round out these spaces. From clocks, whiteboards and flags to school clinic, outdoor furniture and trash cans, we've got it covered. This selection of products is reliable and cost-effective and designed to withstand the rigors of today's classroom and office use.

Easels and Whiteboards

Whether they're used for a multi-media presentation, to display student work or an impromptu point in writing, easels and whiteboards can be great tools for the campus. Easels and whiteboards are available in multiple double-sided models, mobile and expandable and offer shelves and trays for accessories, storage of books, papers and other materials.

ARTCNTR
Early learning double-sided art center with four angled hardboard surfaces and lower storage area; 48"W x 15"D x 44"H.

EC3ESLMRK
Early learning three-way adjustable easel with plastic utility tray on each side; 20"W x 24"D x 48"H.

ECEASLE
Early learning double-sided, adjustable-height markerboard easel with two storage trays; 20"W x 24"D x 48"H.

BRDMAG4896
Porcelain, magnetic markerboard with aluminum frame. One marker and eraser included; 96"W x 48"H.

BRDESLBLTUB
Mobile easel with two dry-erase surfaces, two snap-on chart hooks, four removable plastic tubs and a middle shelf with upright marker storage; 31½"W x 32"D x 56½"H.

BRDROAM
Mobile double-sided whiteboard with built-in accessory tray. Nesting feature allows multiple units to fit within a single footprint.
Writeable surface: 36"W x 42"H.
Overall dimension: 36"W x 25"D x 68½"H.

BRDNEXUSTAB
Double-sided whiteboard tablet can be used with additional whiteboard easels or as hand-held writing surfaces.
Writeable surface: 21¾"W x 25½"H.
Overall dimension: 28"W x 1"D x 28"H.

BRDNEXUSIDEA
Mobile double-sided whiteboard with a dry erase and magnetic surface. Workspace is expandable with side pegs that accommodate up to four tablets (tablets sold separately).
Writeable surface: 70"W x 46"H.
Overall dimension: 76"W x 21"D x 76"H.

BRDNEXUS
Mobile double-sided whiteboard with a dry erase and magnetic surface. Workspace is expandable with side pegs that accommodate up to four tablets (tablets sold separately).
Writeable surface: 34"W x 46"H.
Overall dimension: 40"W x 21"D x 76"H.

BRDNEXUSPLUS
Mobile double-sided whiteboard with a dry erase and magnetic surface. Workspace is expandable with side pegs that accommodate up to eight tablets (tablets sold separately). Tablet storage is included in easel design.
Writeable surface: 26"W x 39"H.
Overall dimension: 33"W x 21"D x 76"H.

BRDNEXUSPLUS4
Mobile double-sided whiteboard with a dry erase and magnetic surface. Workspace is expandable with side pegs that accommodate up to eight tablets (four tablets included). Tablet storage is included in easel design.
Writeable surface: 26"W x 39"H.
Overall dimension: 33"W x 21"D x 76"H. (with tablets not hanging).

Early Learning Playtime – *Dramatic, Block and Game Play*

Playtime is an important part of an early childhood learning environment. From a dress-up center with a full-length mirror to a 5-in-1 kitchen center, play stations encourage students to stretch their imaginations through make-believe.

ECIRONSET
Wood ironing board and iron; 24"W x 8"D x 25"H.

ECMIRROR
Acrylic mirror without tilt; 15"W x 2"D x 49"H with a 12"D base.

ECBLOCKBIN
Mobile storage block bin; 24"W x 24"D x 16"H.

ECDOLLCHAIR
Wood high chair for dolls; 12½"W x 12"D x 24"H.

ECBROOMKIT
Housekeeping station with mop, broom, duster and pan in stand; 12"W x 12"D x 21"H.

ECKTCNTR
Kitchen center with full-length Pinch-Me-Not™ doors, a range with "burners", a removable plastic sink tray, an overhead storage unit and a playtime microwave; 40"W x 15"D x 40"H.

ECSINK
Step-up-n-wash step stool with hand holds on each side and slip-resistant strips on each step; 18"W x 15"D x 28"H.

ECKTCHN
Kitchen set includes set of 4 appliances with hutch, range, sink, and refrigerator.
Sink: 20½"W x 15"D x 22¾"H
Range: 20½"W x 15"D x 22¾"H

Hutch: 20½"W x 15"D x 35"H
Refrigerator: 20½"W x 15"D x 36"H

ECDRESS
Dress-up center with garment hooks, upper shelf and mirror; 30"W x 15"D x 30"H.

ECBNPLAY
Build-n-play table includes reversible top panels featuring checkerboard pattern and Lego® and Duplo® block plate with two large storage bins and two lower shelves; 36½"W x 18"D x 19"H.

ECTHEATER
Deluxe puppet theater with curtains, curtain rod and two writable chalkboard surfaces; puppets are not included; 47"W x 6"-18"D x 48"H.

ECSWT4617T
Sand and water sensory table with top includes a 6" deep plastic liner, a drain plug and casters on two legs. 46"W x 17"D x 24"H.

ECDOLLBED
Wood doll bed; 21½"W x 11¾"D x 9¼"H.

ECBLOCKS183
Hardwood block set with 24 different shapes; 183 total pieces.

Early Learning Rugs

Early learning rugs help students learn to count, use a calendar and to identify the 50 U.S. states. All rugs have double-stitched edges and are Carpet Guard stain protected.

RUGBL100140
Blocks-of-Fun rug helps teach basic shapes and numbers; 8'4" x 11'8".

RUGCA90144
Calendar rug to help children learn the days of the week and months of the year; 8'4" x 13'4".

RUGDA100140
Discover America geography rug; 8'4" x 11'8".

Projection Screens

Projection screens are offered in two sizes, 60" x 60" and 70" x 70". A bracket kit (Model KBRKT2) is available to allow you to wall-mount either screen so it hangs at a distance of six inches from a wall.

Art Equipment

Art equipment keeps your space organized while facilitating creative activities. Heavy-duty drying and storage units feature an all-steel welded frame, casters for mobility and can hold charts, posters, fabrics and prints. Additional art equipment includes a folding wooden drying rack, a mobile storage rack that holds up to eight large rolls of art paper, and a ware cart with optional shelves for ceramics and related art projects.

ARTROLA
Mobile Rola-Rack™ art equipment that holds up to eight large paper rolls; 38"W x 25"D x 52½"H.

ARTDRY1
Foldable art project drying rack; 25"W x 33"D x 37"H.

ARTDRY40
Double-sided drying rack with 40 shelves measuring 20"W x 16"D; overall dimensions 20"W x 32"D x 26¼"H.

ARTCART(shown with **ARTCARTSH**)
Ware cart with nine shelf supports and optional 12" deep exterior-grade plywood shelves (shelves sold separately - Model **ARTCARTSH**); 35"W x 24"D x 72¾"H.

Building Services

Building services and equipment that helps you effectively meet your school's specialty product needs.

FABEDPD
First-aid bed with 2" foam padding, vinyl upholstery, adjustable headrest and chromed legs. 26"W x 74"L x 18"H.

FATREAT
Exam/therapy/taping table with hardwood frame, 2" foam padding with vinyl upholstery, adjustable headrest and paper dispenser. 28"W x 74"L x 31"H.

ECCOT
Standard cot for early learning environments. 53"W x 23"D x 5"H.

DFASCALE
Digital first aid scale that measure students who are up to 7' tall.

BT19318D
8' picnic table with diamond pattern surfaces; green plastic-coated metal with black frame; 30" x 96" top and 12" deep benches.

BT1272
Coated 6' portable park bench with diamond pattern surfaces; green plastic-coated metal with black frame; overall dimensions 72"L x 24"D x 36"H; bench is 12"W and 18"H.

TRSHCANOUT
Outdoor trash can, 32-gallon capacity; 24" diameter x 30"H.

INFORMATION

VIRCO

and finishes

Whether you're designing a single classroom or outfitting an entire campus, Virco offers a range of colors and finishes to make every space your own — from soft and hard plastic colors and laminates to powder coat frame finishes, upholstery, and wood stains.

In addition, Virco is capable of providing custom colors and finishes, including color matches from samples or swatches. For a truly personalized touch, custom logo tops are available to bring your school's identity to life into every room. Extended lead times and minimums may apply to select colors and custom projects. Contact your Virco Sales Representative to get started.

For the most up-to-date colors and finishes, scan or visit virco.com/colors.

Colors and finishes subject to change.

A palette of possibilities

Soft & Hard Plastic Colors

From playful brights to soft neutrals, find the color that fits your space.

Work Surface & Top Colors

Set the tone from the top down with laminate and hard plastic surface options for any environment.

Frame & Base Finishes

An array of frame finishes that bring the whole room together, from classic neutrals to bold accents.

Edge Treatments

Long-lasting edge treatments that protect and finish every desk and tabletop.

Upholstery, Fabrics & Vinyl

Durable fabric and vinyl options, available in a full range of colors and patterns for every seat in the room.

Thermoplastic Colors

Weather-resistant and built to last — thermoplastic colors for Virco outdoor furniture.

Wood Stain Colors

Natural wood tones, from light and airy to deep and rich, for seating and shelving.

Virco Stewardship: An Ongoing Commitment

While Virco Stewardship today encompasses a vast array of industry-leading endeavors, Virco Stewardship Initiatives can trace its origins back to 1950 when we began working with America's schools as a newly established company. Although terms like "sustainability" and "sustainable business practices" weren't commonly used back then, they accurately describe the vision that inspired Virco's founder, Julian Virtue, to develop long-lasting classroom furniture. As a result of our enduring commitment to product quality and customer service, Virco has grown from a small business with a single customer into the country's leading manufacturer and supplier of furniture for the K-12 market.

RECYCLING

An important advantage of manufacturing at our company-operated facilities in the U.S. is that Virco can control a wide range of recycling and resource recovery processes. Recycling is a key aspect of Virco's commitment to sustainable business practices through our Corporate Stewardship Initiative. Virco started recycling in 1989 with three material categories: scrap metal, office paper and hydraulic oil; now we have more than 40 categories and we've processed over 450,000,000 pounds of recyclables, and even better, updated equipment has resulted in less waste, therefore reducing the need for recycling. Along with our in-house efforts, we've established a "Cash for Cardboard" program that's enabled 35 schools near our Conway facility to earn about \$310,000 through recycling. We're proud that the U.S. Environmental Protection Agency recognized our recycling leadership by choosing Virco as a charter member of their WasteWise Hall of Fame in 2003 and as a WasteWise winner for reducing waste in 2019.

GREENGUARD®

In 2005, ZUMA® and ZUMAFrd™ became the first classroom furniture product lines from any manufacturer to earn GREENGUARD indoor air quality certification through the GREENGUARD for Children and Schools program. Today, hundreds of additional Virco classroom furniture models have earned this important certification, now known and GREENGUARD Gold Certification. We're proud to offer you these low-emitting products. See virco.com for link to full list of all GREENGUARD certified products.

Testing: ANSI/BIFMA

Virco is a member of BIFMA, the trade association for business and institutional furniture manufacturers. Since 1973, BIFMA has been the voice of the commercial furniture industry. As a service to our customers and to ensure superior levels of quality control, Virco tests and evaluates our products according to rigorous standards. Virco's product evaluation program includes applicable performance testing for strength, durability and stability as established by the

Business and Institutional Furniture Manufacturers Association (BIFMA) and accepted by the American National Standards Institute (ANSI).

CPSIA CERTIFICATION

Virco proudly complies with all laws and governmental regulations affecting our products, including the federal Consumer Product Safety Improvement Act of 2008 (CPSIA) and the California Air Resources Board (CARB) regulation on formaldehyde emissions from composite wood. Products purchased by your facility are regulated by CPSIA, which was signed into law on August 14, 2008. CPSIA regulates furniture products (whether for adults or children) that include any lead-containing paint; products intended primarily for children 12 years of age and younger with lead in their components or in the products themselves; and certain products, such as toys and child care articles, that contain phthalates. All applicable Virco products are tested by a third-party laboratory and certified to comply. For more information or to view our CPSIA certificates, please visit virco.com.

TAKE-BACK PROGRAM

Through this ground-breaking program – launched in 2006 – Virco takes back out-of-service furniture from qualifying schools, colleges and universities and recycles the components. Some of this recycled material can then be included in the Fortified Recycled Wood™ that's used to make seats, backrests and work surfaces for our highly sustainable ZUMAFrd™ furniture.

Optional Accessories & Configurations

Glide & Caster Options

UG FIXED GLIDES

UGLIDE - An optional 5-pack of fixed glides is available for most task chairs and lab stools.

C SOFT-WHEEL CASTERS

A 5-pack of twin-wheel soft casters is available for most task chairs and lab stools, while a 4-pack of twin-wheel soft casters is available for 4-leg mobile chairs with standard casters.

U9024CAST - 5-pack for 5-star base models

U9050CAST - 4-pack for 4-leg base models

BG BUMP GLIDES

Rear bump glides – which limit the rocking range of Virco steel-frame rockers – are designed for environments where limited motion may be desired, such as areas for children with severe sensory integration problems or Autism. Bump glides only come in Graphite.

Storage Options

BR BOOKRACK

Virco's welded-on under-seat wire bookrack is still a favorite storage option in many schools.

BH BACKPACK HANGER

Work surfaces for most Virco classroom desks, tables and combo units can be equipped with compact wire backpack hanger.

YOZI DESK CADDY

An ABS plastic desk organizer available as a field-installed option for YOZI Desks. Available in a range of colors. Model **YZCAD**.

YOZI CUP HOLDER

An ABS plastic cup holder available as a field-installed option for YOZI desks. Fits cups and bottles up to 3" in diameter. Available in a range of colors. Model **YZCUP**.

CH CUP HOLDER

This option – available only on collaborative tops with a high-pressure laminate construction – is positioned in the upper right, as shown below.

Chair, Tablet Arm and Combo Glide Options

STANDARD NYLON GLIDES

Nylon-base glides – which are standard on most Virco products with glides – provide the best overall performance for multiple floor applications.

FG FELT-BASE GLIDES

Felt-base glides are the best choice for VCT flooring and gym wood flooring applications.

SG STEEL-BASE GLIDES

Steel-base glides are the best choice for concrete and asphalt flooring applications.

Rocking Chairs are available with a felt strip on the bottom of each leg for flooring applications where a felt contact surface is appropriate. Rocking Chairs are not recommended for use on VCT flooring.

Comfort & Style Options

P PADDED UPHOLSTERED SEAT

A wide range of models across various product lines can be ordered with a padded upholstered seat. Available upholstery options vary by product line.

LP LOW PROFILE SEAT PAD

Select ZUMA models are available with a low profile padded seat option.

A ARMREST

Tubular steel arms with molded polypropylene armrests are available as a field-installed option for Sage™ Contract chairs and as a factory-installed option for various Analogy, Sage and ZUMA models. Molded urethane armrests are available on select YOZI™ models. Virco's standard armrest color is Graphite; YOZI™ armrests are Gray. Contact your Virco Sales Representative for additional details.

A YOZI ARMREST

Writing Surface Options

LH LEFT-HANDED

Tablet arm units – and combo units without a dual-entry configuration – are standard with a right-handed (left-side entry) configuration. Models with a left-handed (right-side entrance) configuration are available. Specify left-handed when ordering.

TA TABLET ARM

Sage Contract chairs can be modified to serve as chair desks by adding a field-installed articulating tablet arm. Specify a right-handed (**SGTARHKD**) or left-handed (**SGTALHKD**) tablet arm when ordering.

Work Surface Options

M HARD PLASTIC TOP

Selected units that are standard with a high-pressure laminate work surface can be ordered with a hard plastic work surface.

L LAMINATE TOP

Selected units that are standard with a hard plastic work surface can be ordered with a particleboard-core, high-pressure laminate work surface.

PL PLYWOOD TOP

Selected units that are standard with a particleboard-core, high-pressure laminate work surface can be ordered with a plywood-core, high-pressure laminate work surface.

AE SURE EDGE

Virco's durable, water-resistant Sure Edge® forms a seamless, chemically bonded seal. Available for most models with a standard high-pressure laminate work surface.

General Product Information

PRODUCT EVALUATION & TESTING

As a service to our customers and to assure superior levels of quality control, Virco tests and evaluates our products according to rigorous standards. Virco’s product evaluation program includes applicable performance testing for strength, durability and stability as established by the Business and Institutional Furniture Manufacturer’s Association and accepted by the American National Standards Institute.

PRODUCTS WHICH MEET OR EXCEED ANSI/ BIFMA STANDARDS LISTS

120, 121 and 122 Series Stools, 2000 Series Chairs and Chair Desks, 3000 Series Chairs and Chair Desks, 4000 Series Activity Tables with standard-height legs, 4300 Series Chairs, 5000 Series Activity Tables and Student Desks, 5000 Series Desks, 53 Series Desks and Desk Returns, 53CAB Series Metal Storage Cabinets, 53MP Series Mobile Pedestal Units, 53VF Series Vertical Files and 53LF Lateral Files, 540 Series Desks, 54VF Series Vertical Files, 5700 Series Tables, 6000 Series Tables, 62000 Series Tables, 640 Series Desks, 6800 Series Tables, 751 Series Student Desks, 765 Series Student Desks, 785 Series Student Desks, 7900 Series Tables and Student Desks, 8800 Series Chairs, 8900 Series Chairs, 9000 Series Chairs and Chair Desks, Analogy® Series Chairs and Chair Desks (except ROCK & FLROCK models), Anywhere Desks, BCM Metal Bookcase Collection, Butcher Block Series Tables, Civitas® Series Seating and Tables, Core-a-Gator® Series Tables, CT Series Tables, Flip-Top Technology Tables, HWT Series Tables, Instructor Media Stations, Instructor Media Towers, Lunada® Series Tables, Makerspace Series Tables, Metaphor® Series Chairs and Chair Desks, Molecule Series Student Desks, N2 Series Chairs and Chair Desks, Parameter® Series Desks and Returns, Parison® Series Chairs, Plateau® Series Office Solutions, Tables, and Student Desks, Room to Move® Series Sit-to-Stand Workstations, Room to Store Boxes, Sage™ Series Chairs and Chair Desks (except ROCK & FLROCK models), Sigma® Series Student Desks, Telos® Series Chairs and Chair Desks, Tetra™ Series Tables and Desks, Textameter™ Series Desks, TEXT® Series Tables and Desks, Tilt-Top Training Tables, Topaz® Series Collection, Virco Mobile Storage Cabinets, Virco Outdoor Furniture, Virco Steel and Wood Shelving, YOZI™ Collection, ZUMA® Series Chairs, Chair Desks and Student Desks (except ROCK & FLROCK models), included in this catalog have passed applicable performance tests for strength, durability, and stability as established by the Business and Institutional Furniture Manufacturer’s Association International and accepted by the American National Standards Institute.

CARE & USE INSTRUCTIONS NOTICE:

To prevent structural failures and possible injury, furniture should not be used other than for its intended purpose and should be inspected regularly, at least annually, for the following: (1) loose or missing fasteners such as screws, rivets or staples, (2) metal fatigue, rust, cracks or broken welds, (3) any problem that causes instability or tipping, (4) any signs of misuse. Furniture that is damaged or appears to be unstable should immediately be removed from service, reported to the facility manager and replaced or repaired. Repairs should only be made using factory-authorized parts and methods. For information on furniture maintenance, repair, or to report furniture which requires service, call Virco toll-free at 800.448.4726. Furniture should be wiped down with mild soap and water as needed.

UPHOLSTERY TESTING

All Virco upholstery materials featured in this catalog pass California Technical Information Bulletin 117, Section E.

FURNITURE WITH OAK FINISH

Virco’s Oak finish highlights the grain and color accents of each furniture item. Because they’re crafted from natural hardwood, no two pieces of Oak furniture have exactly the same grain pattern and color; instead, variations in grain and color result in uniquely complementary furniture groupings.

60", 72" AND 84" BOOKCASES

To avoid the risk of a serious tip-over accident, these bookcases must be securely anchored to a wall. Refer to the assembly instructions for more information or see page 158 for details.

GUIDELINES FOR STACKING & MOVING FURNITURE

The number of pieces of furniture that can be safely stacked or moved on Virco’s mobile storage equipment will vary depending on many factors, including the furniture’s height, weight and general design; the speed at which the unit will be moved; the terrain over which it will travel; and the strength of the operator(s). Care should be taken not to stack to the point of unsteadiness. Virco recommends starting with small, easily handled loads and adding one to two pieces of furniture at a time to determine the safe capacity for each set of conditions. Use Virco mobile storage equipment with appropriate Virco furniture only.

NOTE ON PRODUCT PHOTOGRAPHS:

Many of the Virco products in this catalog have been photographed with "props" to illustrate possible product uses. These props are only included with the product when the accompanying caption explicitly indicates this to be the case. When a caption does not specify that props are included when describing a product, the props are not included with the product.

Virco Warranty

Virco will repair or replace, at its option, any Virco furniture or equipment product which proves to be defective in original material or workmanship that may become evident within the first 10 years of the date of purchase. This warranty covers products manufactured after January 1, 2017, as long as product is owned by original purchaser, and is subject to the following limitations:

Limitations:

From the date of purchase, Virco’s warranty covers the items below as follows:

10 Years

Laminates, seating controls, all seating, desk, table and storage products unless otherwise indicated in this warranty.

5 Years

Glides, floor rocker foam pads, casters, pneumatic cylinders for chairs, torsion bars on mobile folding tables and all outdoor furniture.

2 Years

Pneumatic cylinders for sit-to-stand workstations.

1 Year

Chairs with custom logos applied to their upholstered seats and/or backs.

Exclusions:

This warranty excludes:

- Apparent defects caused by abusive or abnormal use of the product.
- Products not assembled, installed or used in compliance with Virco’s product instructions or warnings.
- Failures resulting from inadequate inspection and maintenance.
- The effects of normal usage over time.
- Any damage caused during shipment (see the current Virco price list’s “Steps to Take When Receiving Shipments” for more information).
- Product modifications not approved by Virco.
- Vinyl and fabric upholstery material, except as may be offered by the mill source.
- Rust caused by natural elements or high exposure to moisture.
- Products used for rental purposes.

Natural Materials, Color Variations & Customer’s Own Materials

Leather, wood and other natural materials may have intrinsic grains or patterns that are distinguishing features and not regarded as defects. Virco cannot warrant the matching of grains, patterns, textures, colors, or the color-fastness of such materials. In addition, Virco does not warrant Customer’s Own Materials (COM) that are chosen and used in a Virco product at a customer’s request.

THERE ARE NO IMPLIED WARRANTIES OF FITNESS OR MERCHANTABILITY, AND THERE ARE NO OTHER EXPRESS WARRANTIES BEYOND THE WARRANTIES EXPRESSED HERE. ALL INCIDENTAL OR CONSEQUENTIAL DAMAGES WHICH MAY ARISE, INCLUDING BUT NOT LIMITED TO BUSINESS LOSSES, PERSONAL PROPERTY DAMAGE, AND THIRD PARTY LIABILITIES ARE HEREBY EXPRESSLY EXCLUDED.

TO OBTAIN SERVICE UNDER THIS WARRANTY:

Please contact your local Virco Sales Representative or Customer Service at 800.448.4726.
