

Mobile Tables

Solutions for Dining and Multi-Purpose Spaces

Equipment for Educators™

Virco Mobile Tables

Mobile tables provide durable furniture solutions for your cafeteria, lunchroom, or multi-purpose spaces. These tables have been designed with safety in mind and are built to withstand years of everyday usage. Specially designed torsion bars make the tables easy to fold and unfold to allow for quick transformation of any room.

Offered in several shapes and styles, with and without stools and benches, and a large palette of beautiful laminate and stool colors, Virco's mobile tables are the perfect choice to furnish your facility.

Oval Bench Tables

Virco offers a selection of oval mobile tables with benches. All Virco oval mobile tables have specially designed torsion bars for smoother, more effortless operation. They also feature up-lock and down-lock mechanisms, as well as heavy-duty wheel assemblies.

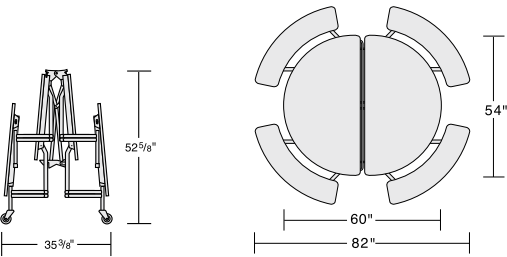

- Features Include:**
- A variety of top and bench laminate colors
 - Custom logos are available
 - Optional Sure Edge® finish
 - See detailed features on pages 22-23

Service Life Recommendation

In order to extend the torque life of mobile bench and stool tables with torsion bars, Virco recommends that customers store their tables in an upright position when not in use.

See pages 20 and 21 for a selection of wheelchair and ADA mobile stool table models.

Union Parish High School | Farmerville, LA

Convertible Bench Tables

Virco's convertible bench tables give you the flexibility to quickly accommodate overflow seating or dining situations. Whether used to provide seating with a continuous backrest or smaller versions of our popular mobile bench tables, convertible bench tables bring exceptional versatility to multi-purpose applications.

- Other Features Include:
- A 15" bench height, 27" top height (Grades 1 through 5)
 - A 17" bench height, 29" top height (Grade 6 through Adult)
 - A variety of top and bench laminate colors
 - Custom logos are available
 - Optional Sure Edge® finish

• MTC8AEB	15" or 17"	25" or 27"	5	4	15" x 96"

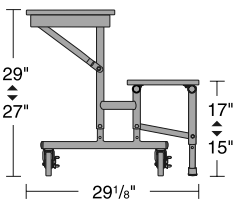

* With Sure Edge® top • With Sure Edge® top and benches

* A recent study indicates that children in grades K-3 typically need seating space measuring 18" in width for bench table applications. The space allocation for older children, adolescents and adults gradually increases up to a typical measurement of 24" in width.

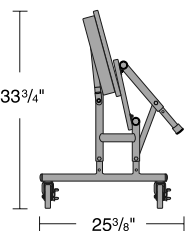

Bench, Table and Storage

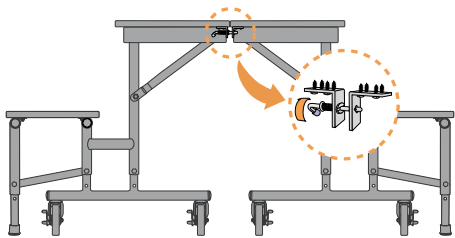

Virco's versatile convertible bench tables can provide bench-style seating with a continuous backrest.

Convertible bench tables can also work as smaller versions of Virco's mobile bench tables.

For storage, simply fold the convertible bench table into its closed position, then wheel it away.

Ganging Devices

Virco convertible bench tables can be ganged to create a two-sided bench table when ordered with the factory-installed ganging device. Add "G" to the end of the model number when ordering the factory installed ganging device to any convertible bench table model.

Plantation Key School | Tavemier, FL

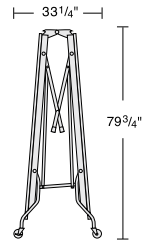

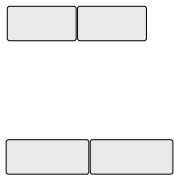

Mobile Tables

Virco's DuoFold mobile tables include an array of units without attached seating. These round, rectangular, and octagonal shaped tables are frequently used in facilities where stack chairs or folding chairs are readily available to maximize seating capacity around each unit.

Wheelchair and ADA Compliant Mobile Tables

Virco's diverse furniture and equipment models for K-12 schools and higher learning venues include a selection of wheelchair-accessible and ADA height mobile tables. These tables are built to the same quality standards as Virco's standard-height mobile tables. To meet Federal ADA standards and guidelines, tables must provide the following dimensions for each wheelchair: 30" minimum width of unobstructed clearance; 19" minimum depth of unobstructed clearance; a minimum top height range of 28" to 34"; and 27" of vertical knee clearance.

Your Virco representative would be happy to help you evaluate our array of wheelchair-accessible tables and desks for your campus.

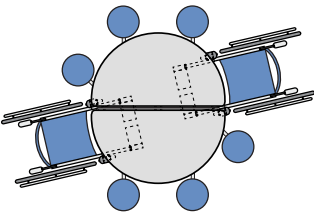

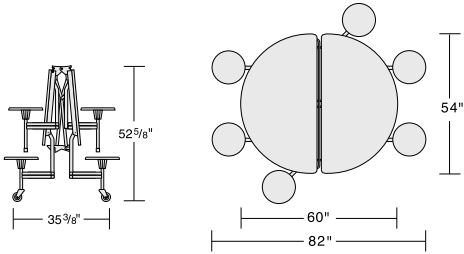

Rectangular mobile bench and mobile stool tables are ADA compliant and are designed to accommodate one wheelchair at either end.

Mobile Table Features

The 3/4" thick top construction features a high-pressure laminate surface, a high-density particleboard core, and a backing sheet to help prevent warping.

PVC T-mold edge banding and 1 1/2" radiused corners add safety. Optional Sure Edge® finish in select colors available.

Clearance between tabletops helps prevent pinched fingers.

Z-channel apron is constructed of heavy-gauge steel.

Virco's sturdy ABS plastic stools provide unparalleled strength and durability (see Figure A).

Torsion bars facilitate the easy folding and unfolding of tables.

3 1/2" swivel casters have ball-bearing raceways for easy mobility.

The 3/4" thick top construction features a high-pressure laminate surface, a high-density particleboard core, and a backing sheet to help prevent warping.

PVC T-mold edge banding for added safety. Optional Sure Edge® finish in select colors available.

Contourfold tables feature an all-steel undercarriage

Clearance between tabletops helps prevent pinched fingers. Vertical hinges prevent food build-up.

Folded tables are easily transported on 3 1/2" casters with ball-bearing raceways.

An automatic safety lock helps protect hands. The lock must be released before the table fully opens.

Mobile Bench & Stool Table Features

An individual locking mechanism holds the table in place when in use. They are also equipped with an up-lock device that engages when the table is folded.

Clearance between tabletops helps avoid pinched fingers.

Figure A

Virco's ABS plastic stools feature a multi-rib design and a die-cast aluminum mounting bracket for strength and durability. Stools are secured to their columns by an insert washer and a hex bolt with an aircraft lock nut.

Mobile Folding Table Features for Model MT3096 & MT30144

Torsion bars help tables fold and unfold smoothly.

An up-lock mechanism holds tables in place while folded, and a down-lock mechanism holds tables in place when unfolded.

Mobile Folding Table Features

Tables feature a safety device that helps avoid pinched fingers during set-up. The device must be manually released before the table can be completely unfolded.

The 3/4" thick top construction features a high-pressure laminate surface, a high-density particleboard core, and a backing sheet to help prevent warping.

PVC T-mold edge banding for added safety. Optional Sure Edge® finish in select colors available.

Clearance between tabletops helps prevent pinched fingers. Vertical hinges prevent food build-up.

Torsion bars facilitate the easy folding and unfolding of tables.

Z-channel apron is constructed of heavy-gauge steel.

3 1/2" swivel casters have ball-bearing raceways for easy mobility.

An individual locking mechanism holds models in place when folded, enabling safer table movement.

Virco Advantages	Virco Mobile Tables	Other Mobile Tables
STRONGER BENCH TABLES	Our bench tables feature 3 support bars per bench, providing extra strength and durability.	Competitors provide only 2 bench support bars, leading to bowing/breaking.
SUPERIOR STOOL TABLES	Our ABS stools have a multi-rib design, a die-cast aluminum mounting bracket, and multiple colors.	Competitor stools are only made from soft plastic.
SECURED SHIPPING	Our mobile tables ship on custom pallets to reduce damage during transport.	Competitors "roll" their tables onto trucks, allowing for more damage.

Additional Virco Benefits:

AFFORDABLE SHIPPING - Tables ship from both Virco factories in California and Arkansas, reducing freight cost.

MEETS ADA GUIDELINES - Virco mobile tables designated as ADA compliant meet the code of federal regulations for wheelchair accessibility per the ADA standards for accessible design (28 cfr part 36).

GREENGUARD® CERTIFIED - Virco mobile tables have earned GREENGUARD® Children and Schools Program certification.

UL® APPROVED - Virco mobile tables with torsion bars are UL® listed.

MADE IN THE USA - Virco mobile tables are made in the USA.

Virco's Mobile Tables are in stock and ready to ship.

Our Mobile Tables ship on custom-built wooden pallets for easy handling and to reduce damage. During transport, the weight of the table is supported by its frame and the pallet, nearly eliminating any harm caused to the casters.

Protective cardboard and banding to the pallet minimize freight damage.

CUSTOM LOGO TOPS

Georgia's Cass High School furnished their cafeteria with Virco stool tables and round mobile tables featuring a Grey Nebula laminate with custom imprinted logos. Ask a Virco representative about custom logos and additional laminates for mobile tables (minimum quantities apply).

Mobile Table & Seating Colors

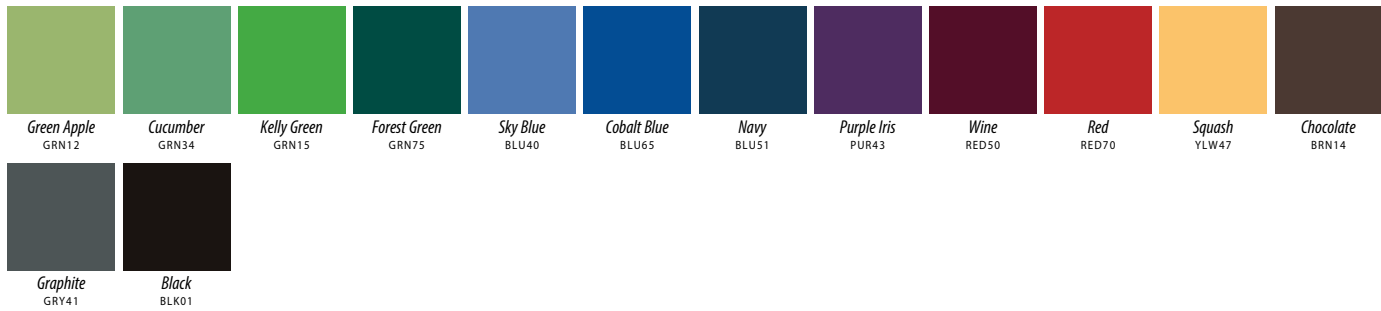

FRAME

MTC8 and MTC6 convertible bench tables come with a Char Black upper frame with Chrome adjustable-height lower legs.

CAUTION: Due to color reproduction variability in printed materials and digital media, Virco recommends that you review product colors on sample coupons or swatches before purchasing to confirm that your product color choices coordinate with the interior spaces for which these products are intended. Virco will provide complimentary sample coupons or swatches; however, it is the customer's responsibility to request these sample materials. Your Virco Sales Representative will be happy to assist you with this process.

ABS PLASTIC STOOL COLORS

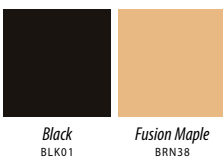

HIGH-PRESSURE LAMINATE TABLE AND BENCH COLORS

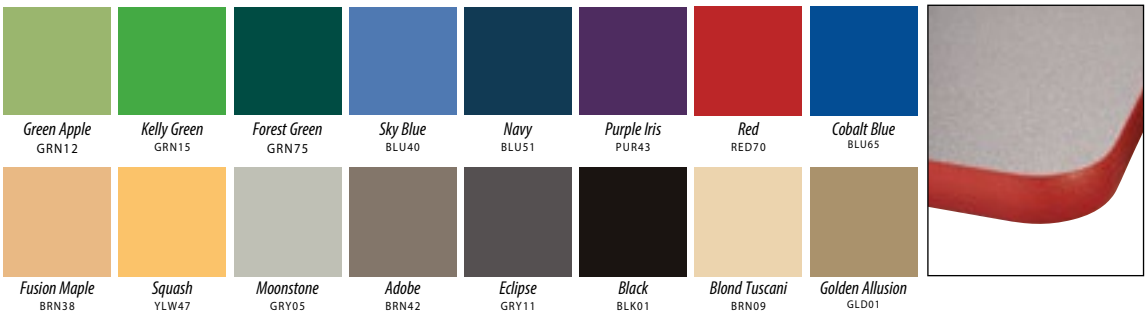

Ask a Virco representative about additional laminates and custom logos for mobile tables.

T-MOLD BANDING

SURE EDGE® COLORS

Tops and benches can be customized with a Sure Edge® finish that provides a chemically bonded, water-resistant seal and prevents food particles from lodging in edges.

Amy Beverland Elementary School | Indianapolis, IN

The 3D rendering above was part of the proposal presented by Virco to Lincoln High School for a cafeteria renovation. The picture on the cover shows the actual finished installation.

Safe Environments

Virco proudly complies with all laws and governmental regulations affecting our products, including the California Air Resources Board (CARB) regulation on formaldehyde emissions from composite wood products and the federal Consumer Product Safety Improvement Act of 2008 (CPSIA).

UL GREENGUARD Certification

Virco became the first classroom furniture manufacturer to earn GREENGUARD® indoor air quality certification through the GREENGUARD for Children and Schools program. Today, hundreds of Virco classroom furniture models have earned this important certification.

ANSI/BIFMA

Please see virco.com for further information or questions on any specific model.

Proudly Designed, Manufactured And Assembled By American Workers

Since 1950, when we opened our doors in Southern California, Virco has been proud to design, manufacture and assemble our products in the U.S.
