When Virco first opened for business in Southern California back in 1950, we had one customer on our books. Our goal was — and still is — to provide reliable, high-value furniture and courteous, efficient service. Four years later, to meet the needs of our quickly growing customer base, we added another factory in Conway, Arkansas.

Ever since, as demand has increased, Virco has kept pace by continually expanding and upgrading our domestic facilities. Today, Virco serves you from two state-of-the-art U.S. locations: a 560,000 square-foot plant in Torrance, California and a multi-plant operation with 1,750,000 square feet of space in Conway. As America’s largest manufacturer and supplier of furniture and equipment for K-12 schools — and a leading furniture and equipment source for convention centers and arenas, colleges and universities, hospitality providers, government facilities, and places of worship — Virco continues to give customers the unparalleled advantages of working with an experienced U.S. manufacturer.
INCLUSION

It is sometimes the case that we can learn more about ourselves from others than from looking in the mirror. As a company founded in 1950 to support America’s public schools, Virco has been fortunate to participate in one of our country’s finest and most emulated institutions. But we also sell furniture to international schools around the world, and one of the things we find most interesting is their desire to imitate the appearance of American schools in the hope of reproducing the impact of American schools.

This is not merely an aspiration for higher test scores or full employment. Those are viewed as desirable side effects of the real genius of American Public Education, which is inclusion. It is this genius that continues to attract immigrants from around the world to become U.S. citizens; it is this genius that inspired the founders of this nation, who themselves were immigrants.

Inclusion is more optimistic than diversity. Inclusion doesn’t just notice our differences, it welcomes them as a source of strength. Inclusion means sincerely inviting people with different perspectives or abilities to participate responsibly at all levels of civic and social life. We believe this sense of welcome can be quietly conveyed through things like school furniture.

The message is: We all contribute. We all belong.

Multiple studies have suggested that successful early education confers lifelong benefits. But it is also true that without a safe and welcoming school setting, some students will feel excluded. This year we are proud to offer an expanded line of student seating and desks to support a broad range of learning styles without the stigma of highly specialized designs.

As always, we thank our customers for their support. Without it, we couldn’t do the work we do.
Virco founder Julian Virtue revolutionized classroom furniture when he placed a molded plastic seat atop sturdy chromed-steel legs. Student seating could now support the whole learning experience through comfort, ergonomics and style – all at a price that fits school budgets. Today Virco offers a vast lineup of seating solutions for schools, offices, dining and event venues in a wide range of styles, materials, colors and sizes – all built with the legendary durability that keeps our chairs performing year after year.

SUGGESTIONS ARE FOR STUDENTS OF AVERAGE HEIGHT AND WEIGHT.

Seat heights should be measured by calculating the distance from the floor to the top of the front curve of the seat. Measurements should not be taken at the seat’s side or rear. It is advisable to measure the heights of a representative sample of students in each grade prior to each school year. This will help you more accurately determine your specific seating needs as time goes by.
ZUMA® Series – 4-Leg Stack Chairs
ZUMA Series 4-leg stacking chairs bridge the gap with seating that offers ergonomic support, playful style and durable construction. This 4-leg stack chair features a tubular steel frame, a one-piece, molded polypropylene shell and is available in a range of seat heights from 10” to 18”.

ZUMA® Series – 4-Leg Stacking Caster Chairs
ZUMA Series stacking caster chairs are easily movable and are ideal for flexible and collaborative classroom spaces. Featuring a spacious, ergonomically contoured shell and four 2” twin-wheel nylon soft casters, these chairs stack 5-high and have under-seat bumpers to protect contact surfaces.

ZUMA® Series – 4-Leg Chairs and Stools with Civitas Frame
ZUMA Series 4-Leg chairs and stools with Civitas Frame feature stylish legs for a casually chic and inviting effect, a tubular steel frame and a one-piece, molded polypropylene shell. The ZUMA bucket offers a flexible backrest for long lasting comfort.

ZUMA® Series – C2M 4-Leg Chairs
ZUMA Series C2M (Choose to Move) 4-leg chairs offer the ultimate choice in flexible seating with a unique patent-pending mode selector. In active mode, the chair allows controlled movement with air coils that flex and compress as you move in all directions – from side-to-side, back-and-forth and in-between. When conventional seating is more appropriate, a simple twist transforms the chair into an ergonomic, fixed position.

ZUMA® Series – Lab Stools

ZUMA Series 4-leg lab stools feature a tubular steel frame and a comfortable, ergonomically contoured polypropylene shell. The stool features a self-returning swivel seat that rotates approximately 180 degrees.

ZUMA® Series – Rocking Chairs

ZUMA Series rocking chairs encourage healthy movement and provide a moderate range of back-and-forth motion. Rocking chairs feature a sturdy, cantilevered tubular steel frame and a comfortable, ergonomically contoured polypropylene shell that flexes to accommodate different body types.

ZUMA® Series – Floor Rockers

ZUMA Series floor rockers feature an ergonomic seat atop a sturdy, one-piece rocking base with a non-marring pad for smooth, quiet movement. With subtle back-and-forth motion, floor rockers offer an ergonomic alternative to floor seating.
**ZUMA® Series – Cantilever Chairs**

ZUMA Series cantilever chairs feature a sturdy, cantilevered tubular steel frame and a comfortable, ergonomically contoured polypropylene shell.

ZUMAfrd Series 4-leg chair desks feature seat, back and a spacious work surface made from Virco’s exclusive FRW hard plastic that provides added levels of sustainability for a classroom environment. Models are available with or without a steel bookrack.
Virco classroom desks help educators make the most of their learning spaces. For today’s diverse teaching methods, we offer desks that support solo learning as well as collaboration, combining in groups for easy discussion and exchange of ideas. Sturdy, ergonomic designs can be customized with book boxes, backpack hangers, bookracks and more, and many models are height-adjustable and mobile too. Teacher’s desks with a variety of options further support classroom layouts. And in office and administrative settings, Virco desks provide seamless transition from one task to the next to meet a range of organizational needs.
ZUMA® Series – Fixed-Height Desks

ZUMA desks offer playful style and durable construction. The ZUMA Series 4-leg fixed-height desks feature a 30" top height and an FRW™ hard plastic work surface, which includes a pencil groove.

ZUMA® Series – Adjustable-Height Desks

ZUMA Series adjustable-height student desks provide solutions to a variety of classroom environments, from traditional rows to collaborative arrangements of two or four. Desks feature FRW hard plastic work surfaces and an adjustable-height range of 22" to 34".

ZUMA® Series – Stand-Up Height Desks

The ZUMA Series adjustable stand-up height student desks come with FRW™ hard plastic tops and an adjustable height range of 29" to 41" for flexible learning spaces.

ZUMA® Series – Slide Desk

ZUMA Series Slide Desks support flexible learning environments by quickly adapting from individual use to group learning styles. Desks feature a 30" fixed-height or 22" to 34" adjustable-height with a 22" x 32" slide-shaped high-pressure laminate work surface.

ZUMA® Series – Wheelchair Height Desks

The ZUMA Series wheelchair-accessible student desks provide 30" minimum width and 19" minimum depth of unobstructed clearance. Top surfaces are available with a high-pressure laminate.
ZUMA® Series – Cantilever Desks

ZUMA Series cantilever desks combine an open-sided design for easy access with a generous bowfront top that comfortably holds a laptop and textbook. Models feature FRW™ hard plastic work surfaces and are available with a choice of 25", 27", or 29" fixed-heights for a variety of applications in multiple grade levels.

**Options**
- Backpack Hanger
- Wire Book Basket with Paper/Pencil Tray
- Plastic Book Box
- Tote Tray
- Wire Book Basket

- ZDESK25M: 25" fixed-height with a 223/4" x 315/8" bowfront shape hard plastic work surface.
- ZDESK27M: 27" fixed-height with a 223/4" x 315/8" bowfront shape hard plastic work surface.

Metonymy® Series

Metonymy is an innovative three-piece set consisting of a compact desk, padded bench, and step stool that neatly nest together within the confines of the 24” x 20” x 30” desk. The desk features a high-pressure laminate work surface and a metal book. An upholstered padded bench is equipped with a steel upper frame, combining comfort and strength. A multi-purpose slip-resistant step stool can be used as a footrest or bookstand, then placed atop the desk to transform the workstation into a podium or standing desk.

MET
Set includes: 12" high step stool, 18” high bench, and 30” fixed-height desk.

METS12
12" high step stool.

METB18
18” high bench.

METD30
30” fixed-height desk with a 19 3/4” x 24” high pressure laminate work surface.

COLORS

Black, Grey, Navy, Fusion Maple, Carmel Sagawood, Looks Likatre, Asian Sand

DESKS
**TEXT Series – Student Desks**

TEXT Series desks, designed by the award-winning team of Peter Glass and Bob Mills, feature elliptical legs, swooping yokes and arched feet. Single-student models are available with FRW™ hard plastic work surfaces in fixed or adjustable-height configurations. Two-student desks are available with a high-pressure laminate work surface and an adjustable-height range of 26” to 34”.

**Fixed-Height Models**

- **TD2128Y30M** 30” fixed-height with a 21 3/8” x 28” hard plastic work surface (TD2128Y30B shown).

**50SL30**
24"-32" adjustable-height with a high-pressure laminate work surface (50SL30ADJBB shown).
Textameter® Series – Teachers’ Desks

Textameter Series desks combine design elements from Virco's TEXT® and Parameter® collections, including a hanging storage pedestal and a T-leg with a fixed-height of 28 3/4". Additional standard features include a center drawer, gang locking on all pedestal drawers, a perforated steel modesty panel, two desktop grommets for wire management and locking casters for mobility.

540 Series – Teachers’ Desks

540 Series teacher desks offer hanging single or double-pedestal storage compartments and a convenient center drawer, all with locking capabilities for added privacy. Both pedestal options feature a high-pressure laminate work surface and a fixed-height of 29" with four adjustable nylon glides.

Tetra™ Series – Teachers’ Desks

Tetra™ Series teacher desks, providing a solid 4-leg frame and modern design, feature a high-pressure laminate work surface in three configurations: rectangle, peninsula and wheelbarrow. Models come standard with a full 3-sided modesty panel and are available in a 30" fixed top-height.

53 Series – Pedestal Desks

53 Series desks feature a post-formed high-pressure laminate work surface atop a study steel frame with a 29" fixed top-height. Stand-alone single-pedestal desks come with drawers, featuring a locking box and file drawer on either the right or left side; in addition, there's a stand-alone double-pedestal model. A return can be attached to the open end of either single pedestal desk to create an L-shaped configuration.

CASTERS Casters are available for desks with rectangle and peninsula tops.
Instructor Media Station

Instructor media stations serve the needs of today’s technologically advanced classrooms and seminar training rooms with built-in cable management and easy access doors. Stations include a media tower, which can be positioned on the right or left side if the desk, and a spacious peninsula-shaped desk. Models offer high-pressure laminate work surfaces and sturdy steel legs. Desks measure 48”W or 56”W x 30”D x 28 3/4”H; media towers measure 27”W x 30”D x 40 5/8”H.

**48”W Peninsula Desks**

- **IMS30481**: Full-height steel door with 3-point locking mechanism on user side; if access door with 3-point locking mechanism on non-user side.
- **IMS30482**: 12”H perforated steel door with 3-point locking mechanism on user side; two locking file drawers; IT access door with 3-point locking mechanism on non-user side.
- **IMS30483**: 24”H perforated steel door with 3-point locking mechanism on user side; locking file drawer; IT access door with 3-point locking mechanism on non-user side.
- **IMS30484**: 12”H perforated steel door with 3-point locking mechanism on user side; one box and one file drawer with single locking mechanism; IT access door with 3-point locking mechanism on non-user side.

**56”W Peninsula Desks**

- **IMS30561**: Full-height, steel door with 3-point locking mechanism on user side; if access door with 3-point locking mechanism on non-user side.
- **IMS30562**: 12”H perforated steel door with 3-point locking mechanism on user side; two locking file drawers beneath access door; IT access door with 3-point locking mechanism on non-user side.
- **IMS30563**: 24”H perforated steel door with 3-point locking mechanism on user side; locking file drawer; IT access door with 3-point locking mechanism on non-user side.
- **IMS30564**: 12”H perforated steel door with 3-point locking mechanism on user side; one box and one file drawer with single locking mechanism; IT access door with 3-point locking mechanism on non-user side.

**Instructor Media Towers**

Instructor media towers feature built-in cable management, easy access doors and a high-pressure laminate work surface, perfect for laptops or projectors. Media towers are fully ventilated with perforated panels on all four sides and bottom. Overall footprint of towers measure 27”W x 30”D x 40 5/8”H.

- **IMT1**: Full-height perforated steel door with 3-point locking mechanism on user side; IT access door with 3-point locking mechanism on non-user side.
- **IMT2**: 12”H perforated steel door with 3-point locking mechanism on user side; two locking file drawers; IT access door with 3-point locking mechanism on non-user side.
- **IMT3**: 24”H perforated steel door with 3-point locking mechanism on user side; locking file drawer; IT access door with 3-point locking mechanism on non-user side.
- **IMT4**: 12”H perforated steel door with 3-point locking mechanism on user side; one box and one file drawer with a single locking mechanism; IT access door with 3-point locking mechanism on non-user side.

**Options & Accessories**

- **IMTT**: Lectern top
- **IMS**: Adjustable steel shelf kit
- **CASTERS**: CASTERS
Plateau® Series – Office Desks

Plateau Series office desks provide stylish and functional furniture for administrative settings. Design your own solution using an array of basic components. All models are available with a high-pressure laminate work surface and 29” fixed height. Selected desks include wire-management grommets and a perforated steel modesty panel.

Free-Standing Units
Free-standing units are just that – free-standing.

L-Shaped Configurations
Connect a return to a Plateau non-elliptical desk to create an L-shaped workstation.

U-Shaped Configurations
Workstations consist of a credenza, a non-elliptical desk and an adjoining return.

Plateau® Series – Features and Accessories

PTSTRAP
Velcro® straps attach beneath table tops to organize wires and cables.

PTTROUGH
A 6-foot 4-channel PVC wire chase can be mounted beneath table tops or used to manage wires and cables between tables.

T762ELECT
A 12-foot cord power strip with diagnostic LEDs features seven outlets and exceeds IEEE 587 category A & B surge suppression specifications.

Key-Alike Option
Enable drawers and storage units to open with a single key for convenience and efficiency.

PTTRAY
The 6” x 14” steel tray allows you to conveniently and effectively manage wires, cables and related items beneath desks, return and credenzas.

TKBM291
An articulating keyboard mouse arm lets you adjust height and tilt with a single, soft-touch knob. It is available in a 29” width with a counterweight spring for easy use.

TPDCPU
A 6” x 14” hanging CPU holder mounts securely beneath work surfaces and accommodates central processing units up to 9” wide.

UPDRW & UPDRWL
A 13” x 22” plastic sliding drawer with pencil tray mounts easily beneath Plateau work surfaces. A locking version is also available (model UPDRWL).

NOTE: Model PTD5660BF cannot be used as a stand-alone unit. Combine with PTD3060, PTD3660BF, PTD3672BF or PTD3676P, or with credenza model PTC2472GR2.
**Parameter® Series – Administrative & Teacher Desks**

The Parameter Series desk collection, developed in collaboration with award-winning designers Peter Glass and Bob Mills, includes a variety of stylish furniture for the classroom or office, all offering a fixed-height of 29 1/2” and high-pressure laminate work surface. Whether you need single or double-pedestal desks, L-configuration workstations, or desk/credenza combinations, Parameter® offers lots of exciting furniture choices for teachers, principals and administrators.

**TOPS**

A 1/4” thick high-pressure laminate top with color-coordinated edge banding rests on ribbed riser blocks for a “floating” appearance.

**LOCK**

All drawers in each pedestal are controlled by a centrally positioned core-removable lock.

**MODESTY PANEL**

Parameter’s perforated steel modesty panel includes a wire management trough for organizing wires and cables.

**PEDESTAL**

With heavy-gauge steel construction, elegant designer drawer pulls, and full-extension ball-bearing slides, Parameter pedestals combine good looks and reliable performance.

**FILE STOPPER**

File drawers come with a sliding backstop to help organize files.

**ADJUSTABLE FOOT**

Sturdy Parameter feet have a 1” adjustment range; selected models are standard with twin-wheel locking casters for mobility.

**GROMMET**

Parameter grommets let you readily route multiple wires and cables beneath the work surface.

**RISE BLOCK**

Riser blocks direct cables from the desktop into the Parameter modesty panel’s wire management trough.

**WIRING**

Parameter manages cords and cables with a hinged grommet above each rise block. By then moving neatly through the rise block’s internal chute and into the modesty panel’s generous wire trough, cords and cables don’t dangle behind or beneath the work surface.

**CREDENZAS**

Parameter gives you a choice of stationary credenzas with adjustable feet, or mobile models with casters. Maximize the storage capacity in your workspace with solutions that offer functionality and style.

**STAND-ALONE DESKS**

Available with a variety of top sizes and pedestal drawer configurations, Parameter stand-alone desks are great for teachers, administrators and support staff. Caster options allow for mobile classroom workstations while help desks with a rounded top on one end are ideal for helping students one-on-one with their work.

**L-Configuration Workstations**

L-configuration desk and return workstations are available with rectangular tops, with peninsula returns that have a rounded end for small group meetings, or with a help desk and your choice of returns. Units on casters can be “unlocked” and rolled away to different areas for small group work, to support instructional technology, or for other applications.

**CREDENZAS**

Parameter gives you a choice of stationary credenzas with adjustable feet, or mobile models with casters. Maximize the storage capacity in your workspace with solutions that offer functionality and style.
Parameter® Series – Overhead Units

The Parameter Series desks can be combined with an overhead storage unit ranging in sizes from 48” to 72” long. Models with overheads can be complemented with an optional fabric, laminate or metal screen. Overhead units have either one or two locking flipper doors, depending on the model.

Parameter® Series – Credenzas

Credenzas can be paired with a locking two-door overhead for added storage. All credenzas with overhead units are 64”W x 23”D x 64”H.

Parameter® Series – Transaction Stations

The Parameter Series line combines desks and workstations with transaction counters, designed to facilitate a welcoming reception area. Several transaction station work surface styles are available, all providing ample workspace and a functional design.

Parameter® Series – Credenzas with Overheads

Credenzas can be paired with a locking two-door overhead for added storage. All credenzas with overhead units are 64”W x 23”D x 64”H.

Parameter® Series – Mobile and Fixed Pedestal Units

Mobile and fixed pedestal units expand storage solutions for the Parameter Series; both designed to work side-by-side with desks and workstations.

Parameter® Series – Options and Accessories

- Drawer divider kit in steel.
- Master key for keyed-alike lock cone.
- Conversion kit for use with Parameter desks and workstations with adjustable-height feet only, field-installed.
- Leg shroud, formed steel, for use with Parameter desks and workstations with adjustable-height feet only, field-installed.
- Wire management panels for various lengths to accommodate Parameter models, 22”, 28”, 40”.

Parameter® Series – Transaction Stations

PRC2460DP
- 12” wide rectangular forward overhanging counter top.

PRFC642
- 81/2” wide rectangular flush-mounted counter top.

PRFC643
- 12”-81/2” wide inward mounted counter top with right-side monitor recess.

PRFC644
- 81/2”-12” wide inward mounted counter top with left-side monitor recess.

PRFC645
- 16” wide crescent inward and forward mounted counter top.

PRFC321
- Two lateral file drawers.

PRFC641
- Four lateral file drawers.

PRFC322
- Two file, one lateral file drawer.

PRFC642
- Two file, three lateral file drawers.

PRFC323
- Two box, one file, one lateral file drawer.

PRFC643
- Two box, one file, three lateral file drawers.

Parameter® Series – Credenzas

Credenzas are offered in two sizes with combinations of lateral files, box files and box drawers. All units are 291/4”H x 23”D.

PRFC641
- Two file, one lateral file drawer.

PRFC642
- Two file, three lateral file drawers.

PRFC323
- Two box, one file, one lateral file drawer.

PRFC643
- Two box, one file, three lateral file drawers.
In today’s dynamic environments, the right work surface is often an integral part of the activity itself. And for virtually every activity that takes place in a classroom, conference room or event space, Virco has a table to match. Our versatile activity tables have become the standard for general use, inside and outside the classroom. Sturdy fixed or adjustable height legs with hard-working surface materials and shapes support focused study time as well as collaboration. For specialty areas, we offer tables to meet the needs of science and computer labs as well as libraries and training rooms. Our dining options can take on everything from intimate cafés to all-school cafeterias, in colors and styles that support modern spaces.
4000 Series – Activity Tables

With distinct shapes and a multitude of sizes, Virco activity tables form a solid foundation for classroom, café, workroom or seminar activities. Choose from an array of tables that can be organized into groups, split into separate areas, set at different heights or a combination of all three. 4000 Series tables offer the classic look of a thin profile leg offered in adjustable or fixed height.

**TEXT**® Series – Technology Tables

TEXT Series technology tables were designed to meet the needs of technology labs and computer classrooms. Each table includes a perforated steel modesty panel with two generous wire pass-through openings, two grommets and two wire management cut outs. Because the wire trough has a hinged rear door, tables have an uninterrupted work surface.

**OPTIONAL ACCESSORIES:**
- **POWER/DATA PORT, SWIVEL CASTERS, END CAPS**
- **CASTERS**
- **WIRE MANAGEMENT**
- **COMPUTER ACCESSORIES**
- **STORAGE**
- **ACCESSORIES**

**TEXT**® Series – Tilt-Top Tables

TEXT Series tilt-top tables deliver space-saving solutions and flexibility with tables that fold vertically, roll away, and neatly rest together for easy storage. Available in rectangular and slide shapes, tables come in a 30" fixed-height or 24" to 32" adjustable-height with casters for quick mobile set-ups. A convenient single-post legs release mechanism offers easy folding and unfolding.

**OPTIONS:**
- **SURE EDGE**

**TEXT**® Series – Hinged Wire-Trough Tables

TEXT Series hinged wire-trough tables offer technology-ready tables with an adjustable-height range of 26" to 34". Models feature a convenient 6" deep wire trough for enhanced wire and cable management as well as scopped wire management cut outs. Because the wire trough has a hinged rear door, tables have an uninterrupted work surface.

**OPTIONAL ACCESSORIES:**
- **POWER/DATA PORT, SWIVEL CASTERS, END CAPS**

**COMPUTER ACCESSORIES**

- **TEXTCPU** - Adjustable CPU holder designed to allow legmounting of a CPU on a TEXT Series adjustable or fixed height table. Variable width adjustment to support CPUs between 9½" to 7½" wide.

**WIRE MANAGEMENT**

- **TWMT36, TWMT48, TWMT54, TWMT60 and TWMT72** - Wire management trays for various widths to accommodate all TEXT models; 36"W, 48"W, 54"W, 60"W, 72"W.

- **TGANG** - A metal plate for ganging two TEXT tables together.

- **TWMB** - Wire management bridge tray allows wires and cables to feed from one table/TEXT wire management tray to the next.

- **TWMC12** - Leg-mounted wire chase for adjustable-height tables neatly provides tabletop to floor routing for cables.

- **TWMC16** - Leg-mounted wire chase for fixed-height tables neatly provides tabletop to floor routing for cables.

- **THEC** - End caps for wire trough tables.

**POWER/COMMUNICATIONS**

- **REVISEL** - Power port with four individual 15-AMP outlets and 6-foot power cord. The device slides on ball bearing track with 3½" travel and locks into place.

Additional accessories are listed on page 140.
Plateau® Series – Media Tables

Plateau Series media tables were designed to create a collaborative environment in schools and in the workplace. Its “floating” tabletop design features rectangular and peninsula shaped models with standard fixed heights of 29”, adjustable heights of 26”-34” or stand-up heights of 39”. Power and data ports and optional TV arms combine to create a uniquely functional workspace that encourages interactions.

Plateau® Series – Library Tables

Plateau Series library and technology tables include an array of rectangular tables with a standard 29” or stand-up 39” fixed-height work surface, as well as trapezoid and hexagon configurations. Tables have ample space and can accommodate library-based technology with large rectangular grommets for power-data modules or cable management.

Optional Accessories:
KEYBOARD MOUSE TRAY, POWER/DATA PORT, WIRE MANAGEMENT/MODESTY PANEL, CPU CADDY, SWIVEL CASTERS, WIRE CHASE

For information on accessories see pages 118 and 143.

Plateau® Series – Table Accessories

Wire Management
- PTTRAY - Effectively manage wires, cables and related items beneath Plateau tables with this 6" x 14" steel wire management tray.
- PTSTRAP - Velcro® straps attach beneath table tops to organize wires and cables.
- PTTROUGHH - Flexible 6-foot 4-channel PVC wire chase can be mounted beneath table tops or used to manage wires and cables between tables. Lengths and can be cut to fit smaller tables.

Modesty Panels
- PTMODPNLS - With our wire management/modesty panels for 60” straight edges, you can conveniently route power and communication cables beneath the table top.
- PTMODPNL6 - With our wire management/modesty panels for 72” straight edges, you can conveniently route power and communication cables beneath the table top.

Casters
- PTCASTER - 4-pack of twin-wheel, 2" diameter swivel locking casters.

Additional accessories are listed on page 143.

**Chemical-Resistant Science Table Tops**

**Epoxy Resin Top**

Virco's most durable science table top, a 1" thick epoxy resin top, provides superior resistance to abrasion, lab chemicals, acid, heat and moisture.

**Chemsurf Top with Sure Edge**

Chemsurf high-pressure laminate work surfaces, Virco's mid-grade science table top, provide heat and chemical resistance and are also acid-resistant and water-resistant.

**Science Lab Demonstration Table**

**SCISINKDEMO**

Virco's lab demonstration center includes a two-sided mirror/marker board as well as a sink with a hand-pump faucet, and a chemical resistant top. There are four locking drawers, two cupboard spaces, and swivel casters for mobility. The unit measures 54"W x 30"D x 36"H.
Tetra™ Series – Tables

Tetra Series tables can serve as an everyday workstation or be customized to suit the needs of a fast-paced computer lab or seminar training room. Choose from a 26” to 34” adjustable-height or a 30” fixed-height. Optional configurations include one, two or three desktop grommets for wire management. "mobile set ups. come in a 30” fixed height with casters for quick surface with two in-surface grommets. Tables modesty panel and high-pressure laminate work easy storage. Models feature a perforated steel vertically, roll away, and neatly nest together for solutions and flexibility with tables that fold

Virco Tilt-Top Training Tables deliver space-saving solutions and flexibility with tables that fold vertically, roll away, and neatly nest together for easy storage. BHPEG1 - Backpack hanger for Makerspace Series Tables
Wood Early Learning Tables
Virco’s specialty tables include traditional wood tables for early learning environments.

Art Tables
Virco’s adjustable and fixed-height art tables help facilitate creative activities in any classroom.

Library Tables
Virco’s library tables provide the ideal area for studying, reading and collaborating. Tables are available in round or rectangular shapes with high-pressure laminate work surfaces.

CT Series – Hand-Crank Tables
CT Series tables feature high-pressure laminate work surfaces with an adjustable top-height of 27" to 40", controlled by a hand-crank mechanism. The table can easily adjust from sitting to standing and is perfect for schools, training rooms or office spaces. Tables can be raised to accommodate a wheelchair.

Hinged Wire Trough (HWT) Series – Technology Tables
HWT Series technology tables feature a 6" deep wire trough with a hinged rear door for enhanced wire and cable management, delivering an uninterrupted work surface. Tables are available with a high-pressure laminate work surface and a 24" to 34" adjustable-height range.

Hinged Wire Trough (HWT) Series – Accessories
BHPEG2 – Backpack hanger for Hinged Wire Trough Series tables
CPUCADDY – Mobile CPU holder, 19"W x 10"D x 16"H. A cable lock is included with each unit to secure the CPU holder to a table leg. Supports a computer that is between 3" and 8" wide
FTTCPU – Adjustable CPU holder, 19"W x 10"D x 16"H. Can support a computer that is 24" to 36" wide and be positioned on the inside or outside of a table leg.
Flip-Top Technology Tables

Flip-Top Technology Tables feature a 6" deep locking flip-top compartment which secures cables, surge protectors and wires beneath the work surface. With rectangular high-pressure laminate work surfaces that range in size from 30” to 84” wide, tables can accommodate one, two and three-student applications.

24” Deep Tables
18” deep work surface with a 6” deep flip-top and 24”-34” height range.

- FTT2430 24” x 30”
- FTT2436 24” x 36”
- FTT2442 24” x 42”
- FTT2448 24” x 48”
- FTT2460 24” x 60”
- FTT2472 24” x 72”
- FTT2464 24” x 64”
- FTT2468 24” x 68”

30” Deep Tables
24” deep work surface with a 6” deep flip-top and 24”-34” height range.

- FTT3030 30” x 30”
- FTT3036 30” x 36”
- FTT3042 30” x 42”
- FTT3048 30” x 48”
- FTT3060 30” x 60”
- FTT3072 30” x 72”
- FTT3084 30” x 84”
- FTT3068 30” x 68”

OPTIONAL ACCESSORIES: KEYBOARD MOUSE TRAY, CPU CADDY, BACKPACK HANGER
For information on accessories see page 143.

FTT53048 30” x 48” x 48”

Security
Each flip-top compartment locks for security.

Connectivity
A generous port at each end of the flip-top compartment enables the networking of tables with power and data lines.

Spacious
With 5½” of top-to-bottom storage capacity, 6” deep flip-top compartments provide lots of space for wires, cables and surge protectors.

Clean Design
A subtly contoured cut-out at the rear of the work surface enables wires and cables to be routed into the flip-top compartment.
**MT Series – Mobile Cafeteria Tables**

Virco’s mobile tables feature specially designed torsion bars, providing smooth folding and unfolding, for quick space-saving storage or to transform a multi-purpose venue. Tables are available in a 29” fixed-height with a high-pressure laminate surface in round, rectangular, and octagonal shapes.

- **Swivel casters** have ball-bearing raceways for easy mobility.
- **2” thick top construction** features a high-pressure laminate surface, a high-density particleboard core, and a backing sheet to help prevent warping.
- **PVC T-mold edge banding** for added safety. **Optional Sure Edge finish available.**
- **Vertical hinges** prevent food build-up.
- **Clearance between table tops helps prevent pinched fingers.**
- **Torsion bars** facilitate the easy folding and unfolding of tables.
- **Z-channel apron** is constructed of heavy-gauge steel.
- **An individual locking mechanism holds models in place when folded, enabling safer table movement.**

Virco’s mobile tables with built-in bench seating provide versatile and inviting cafeteria seating. Up-lock and down-lock mechanisms combined with heavy-duty wheel assemblies allow for simple setting up and tearing down. Unique torsion bars allow users to fold and unfold bench tables safely and smoothly. Tables are available in round and rectangular shapes with a high-pressure laminate surface.

### MTB Series – Mobile Bench Tables

Virco’s mobile convertible bench tables are easy to manage, store and maintain, allowing you to reconfigure your cafeteria lunchroom quickly from an eating area to a meeting space or auditorium. Tables easily transform from a table and bench configuration to a bench with a full backrest. Mobile bench tables feature a high-pressure laminate surface.

MTS Series – Mobile Stool Tables

Mobile stool tables deliver a safe, easy and mobile option for versatile cafeteria and lunchroom spaces. A specially designed torsion bar, automatic locking feature and 4 swivel casters allow tables to fold, unfold and transport effortlessly, neatly storing in a secure, upright position when not in use. Round stools feature a 13” diameter top and tables are available with a high-pressure laminate surface.

Clearance between table tops helps prevent pinched fingers.

3/4” thick top construction features a high-pressure laminate surface, a high-density particleboard core, and a backing sheet to help prevent warping.

Edges are protected by T-mold edge banding. Optional Sure Edge® finish available.

Virco’s sturdy ABS plastic stools provide unparalleled strength and durability.

Optional Sure Edge® finish available.

Clearance between table tops helps prevent pinched fingers.

A torsion bar facilitates easy table folding and unfolding.

2 wheelchair spaces

Each middle leg has a 1” rubber crutch tip, reinforced with steel inserts for longer wear.

A torsion bar facilitates easy table folding and unfolding.

Each seat has its own direct-to-floor load-bearing column, providing its own support without cross members running in between seats.

3 1/2” swivel casters have ball-bearing raceways for easy mobility.

Mobile Folding Table – Features

Clearance between table tops helps avoid pinched fingers.

Torsion bars help tables fold and unfold smoothly.

An up-lock mechanism holds tables in place while folded, and a down-lock mechanism holds tables in place when unfolded.

Tables feature a safety device that helps avoid pinched fingers during set-up. The device must be manually released before the table can be completely unfolded.

Tables roll on four 3 1/2” swivel casters, reducing marring and damage to floors.

Mounting brackets are reinforced with a die-cast aluminum mounting bracket for strength and durability. Stools are secured to their columns by an insert washer and a hex bolt with an aircraft lock nut.

Mobile Folding Table
Civitas® Series – Table Tops

Civitas Series tabletops are available in a selection of round, square and squircle shapes with a ¾” plywood-core high-pressure laminate surface and various edge stylings. Pair with numerous base styles from the Civitas or Lunada Series to create a fresh look in any café or dining hall.

4-Leg Bases

- **C40Bases** have a steel column and die-cast aluminum feet. Durable nylon glides adjust to level bases on uneven floors.

**664 Bases**

- 664 models have a steel column and die-cast aluminum feet. Durable nylon glides adjust to level bases on uneven floors.

**668 Bases**

- 668 models, equipped with a durable x-shaped, cast-iron base, provide superior stability and an elegant design.

**638 Bases**

- 638 models feature a ¾” diameter column and a round cast-iron base, which offer stability and a small footprint.

**669 Bases**

- 669 models feature a bi-point, cast-iron base with a space-saving 20” spread. Single bases may be used with tables having one wall-mounted edge.

**OPTIONS:** Casters are available with Civitas 4-Leg Bases only.
**Lunada® Series – Café Table Bases**

Lunada Series café table bases, developed by award-winning designer Peter Glass, combine contemporary styling with easy assembly. Choose from x-shaped or bi-point base styles, both featuring sturdy die-cast aluminum foot construction and heavy-gauge steel columns. Top heights range in size from 29” to 41”, easily accommodating two to six people.

Locking Mechanism for Wishbone and C-Leg Designs

Virco’s patented locking mechanism adds strength, security and convenience to our wishbone and C-leg designs. When setting up tables, simply unfold each leg with an outward motion to extend the hinges and engage the gravity-lock pin. To return legs to a folded position, set the table on its side and push the gravity-lock pin toward the table top, disengaging the pin from its locked position and allowing you to easily complete the folding process.

Round Table Leg Features

Virco’s patented locking mechanism adds strength, security and convenience to our wishbone and C-leg designs. When setting up tables, simply unfold each leg with an outward motion to extend the hinges and engage the gravity-lock pin. To return legs to a folded position, set the table on its side and push the gravity-lock pin toward the table top, disengaging the pin from its locked position and allowing you to easily complete the folding process.

Round Core-a-Gator tables have a convenient spring clip mechanism that securely locks unfolded legs in position (left). Folded legs are held in place by injection molded retention clamps for safe transport and storage (right).
The Core-a-Gator® Advantage

Core-a-Gator® Leg Features

All 24”, 30” and 36” deep Core-a-Gator® models are equipped with Virco’s heavy-duty wishbone-style legs. Narrower 18” tables come with strong, high-performance C-legs. Round models feature a sturdy straight leg design. Adjustable height legs are featured on half-round models. Each of these leg styles gives you more room to comfortably stretch your own legs beneath Core-a-Gator tables.

Table Accessories

Consult with Virco’s Customer Service Department before ordering accessories for mounting beneath a work surface.

UGANG - Connecting tie plate kit provides firm, semi-permanent connections between adjoining tables or shelves. Each pack contains 2 steel tie plates and 12 screws.
Storage

Virco’s versatile storage solutions provide organization from the classroom to the boardroom. Traditional wood or sturdy metal bookcases feature adjustable shelves and a variety of sizes and configurations, while mobile storage cabinets deliver maximum flexibility and convenience. Vertical and lateral filing systems offer locking drawers that fully extend to easily find documents and keep them secure. A range of stylish and functional presentation towers and media carts allows educators to organize and store learning materials while providing an effective place to deliver presentations. And because storage space is often as dynamic as the task on hand, many styles can add casters for easy movement from place to place.
Tip-Over Prevention

Furniture tip-overs can cause serious injuries; for your safety, ALL BOOKCASES 60” TALL AND OVER MUST BE SECURELY ANCHORED TO A WALL with the provided safety restraints.

All Virco bookcases 60” tall and over include a Safety Restraint Kit which provides a safety lanyard, hardware and assembly instructions.

Plateau® Series – Bookcases

Plateau Series heavy-duty, yet stylish bookcases feature adjustable-height steel shelves, fully welded steel frames, and durable laminated top and side panels. Bookcases measure 14¼" deep and are available in either 36” or 48” widths. All models are equipped with 11” deep shelves that adjust in ½” increments.

Steel-Frame Bookcases

Steel-frame bookcases are engineered for the long haul and available in a variety of heights. Sturdy steel frames give these bookcases superior strength and durability. Bookcases measure 14¼” deep, feature 11” deep adjustable-height shelves that adjust in ½” increments and are available in either 36” or 48” widths.

  - 48”W x 36½”H bookcase with two shelves (one adjustable shelf)

- 2BC4848
  - 48”W x 48½”H bookcase with three shelves (two adjustable shelves)
Metal Bookcases

Metal bookcases feature sturdy steel frames, giving these bookcases superior strength and durability. Bookcases measure 12 1/4" deep and are available in five stationary models with a range of 30", 42", 52", 72" and 84" heights. All models feature 11" x 35" steel shelves that adjust in 1/2" increments.

Mobile Metal Bookcases

Mobile metal bookcases are equipped with four 5" swivel casters, two locking and two non-locking, and 17" x 35" steel shelves that adjust in 1/2" increments. Bookcases measure 18 1/4" deep and feature sturdy steel frames which offer superior strength and durability.

Library Shelving Systems

Library shelving systems include single-faced starter units that come in 60", 72" and 82" high models; they can stand alone or be expanded with single-faced add-on units in three heights. A shelving back is available for all single-faced starters and add-ons.

Circulation Desk Components

Circulation desk components feature sturdy particleboard work surfaces and a durable high-pressure laminate finish. Patron-side edges have solid oak bullnose banding that’s flush with the thickness of the work surface. Work-side edges have a 1/4" thick solid oak edge band.

1/4" and 84" high bookcases must be anchored to the wall. See page 140 for details.
Plateau® Series – Mobile Storage Cabinets with Optional Tote Trays

Plateau Series mobile storage cabinets feature a steel frame, laminated panel surfaces, tote tray rails and clear plastic tote trays (sold separately). These cabinets can accommodate up to thirty-six – 3” tote trays; eighteen – 6” tote trays; nine – 12” tote trays; or a combination of the various sizes. Cabinets are equipped with four 3” twin-wheel swivel casters with a brake.

Mobile Storage Cabinets with Optional Tote Trays

Mobile storage cabinets with optional tote trays feature a steel frame, laminated panel surfaces, tote tray rails and clear plastic tote trays (sold separately). These cabinets can accommodate up to forty – 3” tote trays; or twenty – 6” tote trays; or eight – 12” tote trays; or a combination of the various sizes. Cabinets are equipped with two 5” swivel casters with a tread lock brake and two 5” swivel casters without a brake.

Mobile Storage Cabinets

Mobile cabinets are offered in 36”, 66” and 72” heights with thermofused melamine panel surfaces and a range of shelf configuration for storing textbooks, notebooks and related educational materials. Mobile storage cabinets are equipped with two 5” swivel casters with a tread lock brake and two 5” swivel casters without a brake.
53 Series – Lateral File Cabinets

53 Series lateral file cabinets feature a deluxe ball-bearing slide suspension, which delivers maximum drawer extension, while heavy-gauge cabinet construction provides added strength and durability. File cabinets offer full-width designer drawer pulls and transverse rails that enable easy side-to-side filing of letter-sized or legal-sized documents.

---

**Storage Cabinets with Tote Trays – Early Childhood Storage Units**

Tote tray storage cabinets help keep early learning environments organized. Good for storing books, toys, and games, these storage cabinets are fit to meet a variety of early learning classroom needs.

- **ECCUB4836TT25**
  - See-all storage unit with three shelves and 12 tote trays; 33" W x 14½" D x 27½" H.

- **ECCUB304829**
  - One-sided storage unit with 10 trays and cubbies and heavy-duty casters; 48" W x 15" D x 38" H.

- **ECSTORTTCL12**
  - One-sided storage unit with 10 trays and cubbies and four heavy-duty casters; 48" W x 15" D x 38" H.

**ECLOK4848S**

- Seat locker features an extra-deep lower shelf where small children can sit, two coat hooks per section, 11" deep upper compartment and a 14" deep lower compartment, 54" W x 15" D x 49" H.

**ECLOK484816**

- Two-sided locker with 10 sections – five per side – with top and bottom storage compartments and two side-mounted coat hooks, 48" W x 19½" D x 49" H.

---

**Storage Lockers – Early Childhood Storage Lockers**

Storage lockers are available in a wide selection of units for early learning environments. All lockers come with a Tip Me-Not™ foot print and have two hooks per section to maximize hanging space. Models with extra-deep lower shelves give children a place to sit and two-sided locker models provide double the storage space with 10 locker sections.

- **ECLOK3655**
  - Tot-sized locker lower storage and two coat hooks in each of its five sections; 54" W x 15½" D x 36¾" H.

- **ECLOK4848**
  - Two-sectioned unit with top and bottom compartments and two coat hooks per section; 11" deep upper compartment and a 14" deep lower compartment, 54" W x 15½" D x 49½" H.

- **ECLOK484854S**
  - One-sided storage unit with 25 trays and cubbies and four heavy-duty casters; 54" W x 15½" D x 38½" H.
Open Storage Cabinets – Early Childhood Storage Units

Open storage cabinets are available in a wide selection for early learning environments with diverse storage needs. Select units have an extra-deep 18” base; hinged models on casters are also available.

ECCUB244818 (front)
Extra-deep mobile one-sided storage unit with two shelves and five compartments; 48”W x 18”D x 39”H.

ECCUB304818 (back)
Extra-deep mobile one-sided storage unit with two shelves and five compartments; 48”W x 18”D x 30”H.

ECCUB364815 (front)
Multi-purpose bookshelf with four shelves; 36”W x 15”D x 49”H.

ECCUB249615
Mobile folding storage unit with ten compartments; can be folded and secured with latch; 96”W x 15”D x 39”H (unfolded).

ECSTORPUZ
Table-top puzzle rack; 12 puzzle capacity; 14”W x 14”D x 15”H.

ECCUB309615
Mobile folding storage unit with ten compartments; can be folded and secured with latch; 96”W x 15”D x 30”H (unfolded).
Book Display Stands
Book display stands offer your early learning environments durable, spacious book display and storage solutions. For early learning classrooms with a large number of books, double-sided mobile units offer large amounts of shelf space, back and side storage. Other models provide markerboard backs or double duty as book displays and storage units.

Presentation Stations
Presentation stations are ideal for classroom, office and seminar applications that require mobility and multimedia workstations. Offered in our popular TEXT and Plateau Series, Virco presentation stations provide optimal versatility and functionality with spacious work surfaces, wire management solutions, and casters to deliver smooth movement throughout any environment.

LECTERNS
The Plateau Series mobile lectern is ideal for classroom lectures, seminars and public speaking events. The lectern features high-pressure laminate and durable die-cast legs, while casters provide easy mobility.

Carts
Mobile book carts make viewing, storing and transporting books convenient for students and teachers. All carts feature four casters for easy mobility.

ECBKR9SDF
Double-faced book display stand with four shelves per side; 38”W x 15”D x 29”H.

ECBROWSER
Mobile book browser with 8-section top, a side wavel and lower storage area; 48”W x 29”D x 36”H.

ECLCTRWMHT
Book display stand with storage and white markerboard; 48”W x 20”D x 42”H.

Plateau® Series Presentation Station – PTPS
36”W x 24”D x 39”H.
Plateau series presentation station features a high-pressure laminate top with two grommets, a fold down top, 2” diameter hard rubber casters. Other features include a perforated steel modesty panel, a wire management tray, a 13” x 22” plastic pencil drawer and a leg-mounted wire chase.

OPTIONAL ACCESSORIES
BOOKSTAND, SHELF, MODESTY PANEL, CASTERS

ECBKR4B
Five shelves in front; four shelf storage area on reverse side; 30”W x 11”D x 29”H.

ECBKR4BRO
Six shelves in front that can accommodate 30 books; two additional storage shelves and markerboard on reverse side; 30”W x 25”D x 30”H.

ECBKR4DH
Mobile hinged double-sided book display with four shelves (three adjustable) on either side; each side measures 48”W x 18”D x 50”H, opens to 96”W.

ECBKR4S
Five shelves in front; four shelf storage area on reverse side; 30”W x 11”D x 29”H.

ECBKRAK5DF
Double-faced book display with four shelves per side; 38”W x 15”D x 29”H.

ECBKRAK5
Five shelves in front; four shelf storage area on reverse side; 30”W x 11”D x 29”H.

ECBKRAK5BRD
Six shelves in front that can accommodate 30 books; two additional storage shelves and markerboard on reverse side; 30”W x 11”D x 29”H.

ECBKRAK6BRD
Six shelves in front that can accommodate 30 books; two additional storage shelves and markerboard on reverse side; 30”W x 25”D x 30”H.

ECBROWSER
Mobile book browser with 8-section top, a side wavel and lower storage area; 48”W x 29”D x 36”H.

ECBKRAK6DF
Double-faced book display with four shelves per side; 38”W x 15”D x 29”H.

ECBUR3
Three shelves in front; four shelf storage area on reverse side; 30”W x 11”D x 29”H.

PLATEAU® SERIES LECTERN – PTLCTR
Plaque, mobile or lectern features a storage compartment, slanted bookstand and modesty panel, 24”W x 20”D x 42”H.

LIBRARBOOK
Mobile three-tiered unit with nine divided plastic book tubs measuring 6” x 12” x 15” with five wire pockets on each end; 41”W x 36”H x 17”D.

Libro Bookcase
Mobile three-tiered unit with nine divided plastic book tubs measuring 6” x 12” x 15” with five wire pockets on each end; 41”W x 36”H x 17”D.

TENS® SERIES PRESENTATION STATION – TEPS
36”W x 24”D x 39”H.
TEXT Series presentation station features a high-pressure laminate top with two grommets, an adjustable top height of 26” to 34” and 3” twin-wheel locking casters. Other features include a perforated steel modesty panel, a wire management tray, a 13” x 22” plastic pencil drawer and a leg-mounted wire chase.

ECBUR9
Five shelves in front; four shelf storage area on reverse side; 30”W x 11”D x 29”H.

ECBUR4B
Six shelves in front that can accommodate 30 books; two additional storage shelves and markerboard on reverse side; 30”W x 25”D x 30”H.

BOOK DISPLAY STANDS
Book display stands offer your early learning environments durable, spacious book display and storage solutions. For early learning classrooms with a large number of books, double-sided mobile units offer large amounts of shelf space, back and side storage. ECBUR3
Three shelves in front; four shelf storage area on reverse side; 30”W x 11”D x 29”H.

ECBUR5DF
Double-faced book display with four shelves per side; 38”W x 15”D x 29”H.

ECBUR6DF
Double-faced book display with four shelves per side; 38”W x 15”D x 29”H.

ECBUR6D
Six shelves in front that can accommodate 30 books; two additional storage shelves and markerboard on reverse side; 30”W x 25”D x 30”H.

ECBUR4D
Mobile hinged double-sided book display with four shelves (three adjustable) on either side; each side measures 48”W x 18”D x 50”H, opens to 96”W.

ECBUR4S
Five shelves in front; four shelf storage area on reverse side; 30”W x 11”D x 29”H.

ECBUR5
Five shelves in front; four shelf storage area on reverse side; 30”W x 11”D x 29”H.

ECBUR4BRO
Six shelves in front that can accommodate 30 books; two additional storage shelves and markerboard on reverse side; 30”W x 25”D x 30”H.

ECBUR4DH
Mobile hinged double-sided book display with four shelves (three adjustable) on either side; each side measures 48”W x 18”D x 50”H, opens to 96”W.

ECLCTRWMHT
Book display stand with storage and white markerboard; 48”W x 20”D x 42”H.
CARTS AND DOLLIES

Virco’s line of furniture trucks and dollies transport and store Virco furniture with safety and ease. Designed to deliver maximum maneuverability, sturdy steel construction and heavy-duty casters provide balanced control when transporting Virco stackable chairs and folding tables. When furniture is not in use, simply move and neatly store away for a convenient space saving solution.
Chair Trucks

Safely move and store Virco seating products with our line of durable chair trucks. Trucks and dollies feature sturdy steel frames and rubber swivel casters, which provide smooth control and excellent maneuverability.

HCT6
76"W x 21"D x 38 1/4"H. The HCT6 enables upright, single-tier storage of selected Virco folding chairs.

HCT8
100"W x 21"D x 38"H. The HCT8 enables upright, single-tier storage of selected Virco folding chairs.

HCT6072
66"W x 30 3/4"D x 69 3/4"H. This two-tier unit moves and stores a variety of Virco folding chairs.

HCT4
69 1/8"W x 23 1/4"D x 44 3/4"H. The deluxe 4-wheel HCT4 helps you move and store a wide range of Virco stack chairs.

HCT789
403/8"W x 207/8"D x 61"H. The sturdy HCT789 helps you move a wide range of Virco stack chairs.

See chart on next page for storage equipment capacities.

Large-Scale Chair Storage

Virco’s ultra-durable chair trucks are able to store and transport a large volume of chairs at once. A heavy-duty steel frame and 8" casters provide a reliable and sturdy solution for banquet halls, hotels, convention centers and schools. Chair trucks may be stacked three-high; see Stackable Storage on page 165 for more information.

SCT11SU
105"W x 60"D x 74 3/4"H

SCT1978SU
81"W x 43 3/4"D x 58"H

SCT1996SU
98"W x 43 3/4"D x 58"H

SCT19125SU
127 3/4"W x 43 3/4"D x 58"H

SCT1978KD
81"W x 43 3/4"D x 58"H

SCT1996KD
98"W x 43 3/4"D x 58"H

SCT19125KD
127 3/4"W x 43 3/4"D x 58"H

Storage Equipment Capacities

- **TT57SU**: 79” W x 39” D x 58” H
- **TT1872SU**: 79” W x 39” D x 55” H
- **TT1896SU**: 79” W x 39” D x 55” H
- **TT3072SU**: 79” W x 39” D x 55” H
- **TT3096SU**: 79” W x 39” D x 55” H

Rugged HTT6 and HTT8 units work with a variety of Virco’s rectangular traditional and Core-a-Gator® folding table models.

**Table Trucks**

Easily transport and store Virco folding tables with our robust and convenient table trucks. Heavy-duty swivel casters allow quick and easy mobility throughout any multi-purpose venue. Select table trucks may be stacked three-high; see Stackable Storage on page 165 for more information.

**Storage Equipment Capacities**

- **Table Trucks**

**Stackable Storage**

Select Virco storage trucks may be stacked three-high, allowing three times the number of chairs and tables to be stored in the same footprint that would otherwise be occupied by a single truck, maximizing the use of vertical storage space. V-shaped bars on the top and bottom of these storage carts hold stacked units in place (see figure 1).

**PLEASE NOTE**: Virco’s floor support stand system (model SCTSBL) must be used when storage trucks are stacked. When in use, a coupler rod holds each of the system’s stands in place (see figure 2).

**Core-A-Gator**

6000 SERIES

**62000 SERIES**
ESSENTIALS

To meet the comprehensive equipment needs of education facilities, we’ve grouped an assortment of products to round out these spaces. From clocks, pencil sharpeners, mobile coat racks and flags to school clinic, outdoor furniture and trash cans, we’ve got it covered. This selection of products is reliable and cost-effective and designed to withstand the rigors of today’s classroom and office use.
Easels and Whiteboards

Whether they're used for a multi-media presentation, to display student work or an impromptu point in writing, easels and whiteboards can be great tools for the classroom. Easels and whiteboards are available in multiple double-sided models, mobile and expandable and offer shelves and trays for accessories, storage of books, papers and other materials.

ESSENTIALS ESSENTIALS

1/2

“W x 15”D x 22 9/16”H

Overall dimension: 76”W x 21”D x 76”H.
Writable surface: 70”W x 46”H.

Tablets sold separately.

Workspace is expandable with side pegs that accommodate up to four tablets (tablets sold separately).

Early Learning three-way adjustable easel with plastic utility tray on each side; 20”W x 24”D x 48”H.

Early Learning double-sided, adjustable-height markerboard easel with two storage trays; 20”W x 24”D x 48”H.

Early Learning double-sided, adjustable-height whiteboard easel with side pegs that accommodate up to eight tablets (four tablets included). Tablet storage is included in easel design.

Easels are an important part of an early childhood learning environment. From a dress-up center with a full-length mirror to a multi-media presentation, to display student work or an impromptu point in writing, easels and whiteboards can be great tools for the classroom.

Early Learning Playtime – Dramatic, Block and Game Play

Playtime is an important part of an early childhood learning environment. From a dress-up center with a full-length mirror to a multi-media presentation, to display student work or an impromptu point in writing, easels and whiteboards can be great tools for the classroom.

Early Learning Rugs
Early learning rugs help students learn to count, use a calendar and to identify the 50 U.S. states. All rugs have double-stitched edges and are Carpet Guard stain protected.

Projection Screens
Projection screens are offered in two sizes, 60” x 60” and 70” x 70”. A bracket kit (Model KBRKT2) is available to allow you to wall-mount either screen so it hangs at a distance of six inches from a wall.

Flags
Flag set includes 3’ x 5’ fringed flag, admiral floor stand, 2-piece polished oak pole, 7” gold plated eagle, chrome legs. 26” x 74” x 18”H.

Art Equipment
Art equipment keeps your space organized while facilitating creative activities. Heavy-duty drying and storage units feature an all-steel welded frame, casters for mobility and can hold charts, posters, fabrics and prints. Additional art equipment includes a folding wooden drying rack, a mobile storage rack that holds up to eight rolls of art paper, and a ware cart with optional shelves for ceramics and related art projects.

Building Services
Building services and equipment that helps you effectively meet your school’s specialty product needs.

Projection Screens
- SCRNN606: Matte white projection screen, wall or ceiling mount; 60" x 60".
- SCRNN7070: Matte white projection screen, wall or ceiling mount; 70" x 70".

Flags
- FLAGIN1624: 16” x 24” U.S. flag mounted on a 3/4” x 48” staff, sold in cartons of 12.
- FLAGIN2436: 24” x 36” U.S. flag mounted on a 1” x 48” staff, sold in cartons of 12.
- FLAGHOLD: Steel flagstaff holder, sold in cartons of 12, for use with models flagin1624 or flagin2436.
- FLAGIN1624SET: Flag set includes 3’ x 5’ fringed flag, admiral floor stand, 2-piece polished oak pole, 7” gold plated eagle, and golden yellow cord and tassels.

Art Equipment
- ARTROLA: Mobile Rola-Rack™ art equipment holds up to eight large paper rolls, 30”W x 22”D x 52”H.
- ARTDRY1: Foldable art project drying rack, 25”W x 33”D x 37”H.
- ARTDRY40: Double-sided drying rack with 40 shelves measuring 20”W x 18”D, overall dimensions 30”W x 32”D x 26”H.
- ARTCARO: Discover America geography rug; 8’4” x 11’8”.
- RUGCA90144: Calendar rug to help children learn the days of the week and months of the year; 8’4” x 13’4”.
- RUGBL100140: Blocks-of-Fun rug helps teach basic shapes and numbers; 8’4” x 11’8”.
- RUGDA100140: Discover America geography rug; 8’4” x 11’8”.

Building Services
- FATREAT: Exam/therapy/taping table with hardwood frame, 2” foam padding with vinyl upholstery, adjustable headrest and paper dispenser; 28”W x 74” x 31”H.
- FATREAT: Exam/therapy/taping table with hardwood frame, 2” foam padding with vinyl upholstery, adjustable headrest and paper dispenser; 28”W x 74” x 31”H.
- ECOT: Standard cot for early learning environments; 33”W x 24”D x 57”H.
- DIFASCALE: Digital first aid scale that measures students who are up to 7’ tall.
VIRCO COLOR PROGRAM

Virco products are available in an inspiring array of colors and frame finishes, allowing a full range of expression from traditional to modern. Because color has such an impact on how individual products are perceived, and furthermore because a roomful of furniture can read differently than an individual sample, we encourage you to order samples to confirm compatibility with your overall design plan. Please see the back page of this brochure for information on how to order samples.

Virco offers a variety of lead-time specific color programs – please contact your local Virco Sales Representative for more information. Models and color combinations can be found in our price list.

In addition to our Virco color programs, Virco is capable of providing custom colors and finishes for your specific project. Because of the capabilities and processes available in our U.S. Factories, we have the ability to do custom color matches from samples or swatches for plastics, powder coat, laminates, edge treatments, as well as custom logo designs. Extended lead-times may apply on custom projects.

CAUTION: Due to color reproduction variability in printed materials and digital media, Virco recommends that you review product colors on sample coupons or swatches before purchasing to confirm that your product color choices coordinate with the interior spaces for which these products are intended. Virco will provide complimentary sample coupons or swatches for plastic, laminate, powder coat paint and upholstery colors; however, it is the customer’s responsibility to request these sample materials. Once you’ve submitted your request, your Virco Sales Representative will be happy to assist you with this process.

* Mocha is only available on models 162 and 168 folding chairs.

Virco’s Clear Coat is a transparent secondary powder coat finish that adds extra sheen and protection when applied over other Virco paint finishes. Clear Coat cannot be used as a secondary finish over Virco’s Natural Steel paint finish.

Natural Steel is our unique finishing process that allows the natural patina of raw steel to show through a protective layer of clear urethane-based powder coat. The authentic nature of the steel, including the heat effects of welding, is clearly visible with this finish.

ARCHITECTURAL EDGE BANDING COLORS - 1 1⁄8" Profile
This banding profile is for the following series: Instructor Media Stations, TEXT®, Textameter®, Parameter®, Plateau®, Lunada®, Crank-Top, ZBOOM Desks, ZUMA® Two-Student Desks and Wheelchair Height Desks.

SURE EDGE COLORS

Virco’s durable, water-resistant Sure Edge® optional finish is available for an expanded range of tables, student desks and combo units.

Sure Edge forms a seamless, chemically bonded seal that prevents food particles from lodging in table-top edges. As a urethane-based sealant that’s applied with an innovative anti-bacterial process for extra cleanliness, Sure Edge won’t peel or flake; it even resists fading when exposed to direct sunlight.

We offer urethane-based Sure Edge as an option on our tables, desks and combo units. Whether you choose it for your cafeteria or your classrooms, Sure Edge delivers long-lasting moisture resistant protection. Please consult your current Virco price list for the availability of specific models.

Minimum quantities and extended lead-times may apply to some of the Sure Edge® colors in this catalog. Please contact your Virco representative or consult Virco’s current Factory price list for more information.

EDGE BANDING COLORS - 3⁄4" Profile
This banding profile is for the following series: Mobile Cabinets, Steel Frame Bookcases, Mobile Tables and Folding Tables

Minimum quantities and extended lead-times may apply to some of the edge banding colors for selected products shown in this catalog. Please contact your Virco representative or consult Virco’s current factory price list for more information.

UNIVERSAL EDGE BANDING COLORS - 1 1⁄8" Profile
This banding profile is for the following series: 4000, 5000, 5700, 6800, Flip-Top Technology, Tetra™, Tilt-Top Training, HWT (Hinged Wire Trough), Café Table Tops, S40 Teacher’s Desk and Molecule Desks.

Minimum quantities and extended lead-times may apply to some of the edge banding colors for selected products shown in this catalog. Please contact your Virco representative or consult Virco’s current factory price list for more information.

WOOD COMPOSITE LACQUERED EDGE FINISH
Shown here are standard edge treatments for 1⁄8" MDF or particleboard, high-pressure laminate tops on single-pupil desks, chair desks and combo units.

Minimum quantities and extended lead-times may apply to some of the edge banding colors for selected products shown in this catalog. Please contact your Virco representative or consult Virco’s current factory price list for more information.

CIVITAS® LACQUERED PLYWOOD EDGE FINISH
Shown here are standard edge treatments for 3⁄4" plywood, high-pressure laminate tops on Civitas table tops with a beveled edge.
PLASTIC / UPHOLSTERY COLORS FOR SAGE™ & ANALOGY® PADDED SEATS

Fabric and soft plastic colors for: Sage and Analogy Series

Plastic/Upholstery colors shown here are recommended pairings for selected Sage® and Analogy® models. Customers can choose to match up other plastic and upholstery colors (minimums may apply). Please contact your Virco representative or consult Virco’s current Factory price list for more information.

PLASTIC / UPHOLSTERY COLORS FOR PADDED SEATS

Fabric and soft plastic colors for: 9000 Series, 2000 Series

This fabric, except Black fabric (BLK259) is made from 100% recycle polyester. This fabric passes California Technical Information Bulletin 117, Section E.

Plastic/Upholstery colors shown here are recommended pairings for selected Sage™ and Analogy® models. Customers can choose to match up other plastic and upholstery colors (minimums may apply). Please contact your Virco representative or consult Virco’s current Factory price list for more information.

NOTE: Padded seats are only available on select models and sizes. Please contact your Virco Sales representative or consult Virco’s price list for the availability on specific models.

INFORMATION
UPHOLSTERY COLORS

In addition to the upholstery materials listed in this brochure, Virco maintains important and strategic relationships with fabric and vinyl mills around the U.S., and can assist you on specific or custom material request for your upholstered furniture needs. Call your Virco Sales Representative or Customer Service for more information at 800.448.4726.

Upholstery colors on this page are standard only on selected Virco models; when used on other models, minimum quantities and extended lead-times may apply. Please contact your Virco representative or consult Virco’s current Factory price list for more information.

Fabric colors for 8900 Series Stack Chairs, Comfort Stacker™ and Folding Chairs

Vinyl colors for 8900 Series Stack Chairs and 168 Folding Chair

Select fabric colors for upholstered chairs

This fabric, except Black fabric (BLK259), is made from 73% polyolefin and 27% polyester; Black fabric (BLK259) is made from 100% olefin. This fabric passes California Technical Information Bulletin 117, Section E.
Virco Stewardship: An Ongoing Commitment

While Virco Stewardship today encompasses a vast array of industry-leading endeavors, Virco Stewardship Initiative can trace its origins back to 1950 when we began working with America’s schools as a newly established company. Although terms like “sustainability” and “sustainable business practices” weren’t commonly used back then, they accurately describe the vision that inspired Virco’s founder, Julian Virtue, to develop long-lasting classroom furniture. As a result of our enduring commitment to product quality and customer service, Virco has grown from a small business with a single customer into the country’s largest manufacturer and supplier of furniture for the K-12 market.

RECYCLING

An important advantage of manufacturing at our company-operated facilities in the U.S. is that Virco can control a wide range of recycling and resource recovery processes. Recycling is a key aspect of Virco’s commitment to sustainable business practices through our Corporate Stewardship Initiative. Virco started recycling in 1989 with three material categories: scrap metal, office paper and hydraulic oil; now we have more than 40 categories and we’ve processed over 380,000,000 pounds of recyclables, and even better, updated equipment has resulted in less waste, therefore reducing the need for recycling. Along with our in-house efforts, we’ve established a “Cash for Cardboard” program that’s enabled 35 schools near our Conway facility to earn about $190,000 through recycling. We’re proud that the U.S. Environmental Protection Agency recognized our recycling leadership by choosing Virco as a charter member of their WasteWise Hall of Fame in 2003 and as a WasteWise winner for reducing waste in 2019.

GREENGUARD®

In 2005, ZUMA® and ZUMAfrd™ became the first classroom furniture product lines from any manufacturer to earn GREENGUARD indoor air quality certification through the GREENGUARD for Children and Schools program. Today, hundreds of additional Virco classroom furniture models have earned this important certification, now known and GREENGUARD Gold Certification. We’re proud to offer you these low-emitting products. See virco.com for link to full list of all GREENGUARD certified products.

Testing: ANSI/BIFMA

Virco is a member of BIFMA, the trade association for business and institutional furniture manufacturers. Since 1973, BIFMA has been the voice of the commercial furniture industry. As a service to our customers and to assure superior levels of quality control, Virco tests and evaluates our products according to rigorous standards. Virco’s product evaluation program includes applicable performance testing for strength, durability and stability as established by the Business and Institutional Furniture Manufacturers Association (BIFMA) and accepted by the American National Standards Institute (ANSI).

CPSIA CERTIFICATION

Virco proudly complies with all laws and governmental regulations affecting our products, including the federal Consumer Products Safety Improvement Act of 2008 (CPSIA) and the California Air Resource Board (CARB) regulation on formaldehyde emissions from composite wood. Products purchased by your facility are regulated by CPSIA, which was signed into law on August 14, 2008. CPSIA regulates furniture products (whether for adult or children) that include any lead-containing paint; products intended primarily for children 12 years of age and younger with lead in their components or in the products themselves; and certain products, such as toys and child care articles, that contain phthalates. All applicable Virco products are tested by a third-party laboratory and certified to comply. For more information or to view our CPSIA certificates, please visit virco.com.
## Accessories For Optional Configurations

### Storage Options

- **BOOKRACK**: Virco's welded-on under-seat wire bookrack is still a favorite storage option in many schools.

### Glide & Caster Options

- **FIXED GLIDES**: An optional 5-pack of fixed glides is available for most task chairs and lab stools.
- **SOFT-WHEEL CASTERS**: A 5-pack of twin-wheel soft casters is available for most task chairs and lab stools, while a 4-pack of twin-wheel soft casters is available for 4-leg mobile chairs with standard casters.
- **U9024CAST**: 5-pack for 5-star base models
- **U9050CAST**: 4-pack for 4-leg base models

- **BUMP GLIDES**: Rear bump glides—which limit the rocking range of Virco steel-frame rockers—are designed for environments where limited motion may be desired, such as areas for children with severe sensory integration problems or Autism. Bump glides only come in Graphite.

### Chair, Tablet Arm and Combo Glide Options

- **STANDARD NYLON GLIDES**: Nylon-base glides—which are standard on most Virco products with glides—provide the best overall performance for multiple floor applications.
- **FELT-BASE GLIDES**: Felt-base glides are the best choice for VCT flooring and gym wood flooring applications. Felt-lined legs are available on a select number of models from various product lines.
- **ROCKING CHAIRS**: Rocking chairs are available with a felt strip on the bottom of each leg for flooring applications where a felt contact surface is appropriate. Rocking chairs are not recommended for use on VCT flooring.

### Comfort & Style Options

- **PADDED UPHOLSTERED SEAT**: A wide range of models from various product lines can be ordered with a padded, upholstered seat. Different upholstery options are available for different product lines.
- **TABLET ARM**: Sage Contract chairs can be modified to serve as chair desks by adding a field-installed articulating tablet arm. Specify a right-handed (SGTARHKD) or left-handed (SGTALHKD) tablet arm when ordering.
- **PADDED UPHOLSTERED SEAT**: A wide range of models from various product lines can be ordered with a padded, upholstered seat. Different upholstery options are available for different product lines.

### Writing Surface Options

- **LEFT HANDED**: Tablet arm units—and combo units without a dual-entry configuration—are standard with a right-handed (left-side entry) configuration. Models with a left-handed (right-side entrance) configuration are available. Specify left-handed when ordering.
- **SURE EDGE**: Virco’s durable, water-resistant Sure Edge® forms a seamless, chemically bonded seal. Available for most models with a standard high-pressure laminate work surface.

PRODUCT EVALUATION & TESTING

As a service to our customers and to assure superior levels of quality, Virco tests and evaluates our products according to rigorous standards. Virco’s product evaluation program includes applicable performance testing for strength, durability and stability as established by the Business and Institutional Furniture Manufacturers’ Association and accepted by the American National Standards Institute.

ANSI/BIFMA TESTED

Virco’s 8800 Series chairs, 2000 Series, 3000 Series, 4000 Series tables with standard-height legs, 4300 Series, 53 Series desks and returns, 53VF Series vertical files and 33LF lateral files, 53MP Series mobile pedestal units, 33CA8 Series metal storage cabinets, 54VF Series vertical files, 6000, 6100 (Core-a-Gator®), 62000, 6800, 7900, 785 Series student desks, Sigma® Series desks, 751 LRH lid student desks, Jr. Executive student desks, 7900 Series desks, 9000 Series, Analogy® Series (except ROCK models), Cixtus® Series Seating (except ROCK models), Flip-Top Technology tables, Lunada® Series tables, NL Series, Metaphor® Series, Parameter® Series desks and returns, Plateau® Series round, rectangular and racetrack tables, Sage™ Series (except ROCK models), Makerspace, TEXT® Series tables, ZUMA® Series (except ROCK models), 126, 121 and 122 Series Stools, included in this catalog have passed applicable performance tests for strength, durability, and stability as established by the Business and Institutional Furniture Manufacturer’s Association International and accepted by the American National Standards Institute.

CARE & USE INSTRUCTIONS NOTICE:

To prevent structural failures and possible injury, furniture should not be used other than for its intended purpose and should be inspected regularly, at least annually, for the following: (1) loose or missing fasteners such as screws, rivets or staples, (2) metal fatigue, rust, cracks or broken welds, (3) any problem that causes instability or tipping, (4) any signs of misuse. Furniture that is damaged or appears to be unstable should immediately be removed from service, reported to the facility manager and replaced or repaired. Repairs should only be made using factory-authorized parts and methods. For information on furniture maintenance, repair, or to report furniture which requires service, call Virco toll-free at 800.448.4726. Furniture should be wiped down with mild soap and water as needed.

UPHOLSTERY TESTING

FURNITURE WITH OAK FINISH

Virco's Oak finish highlights the grain and color accents of each furniture item. Because they’re crafted from natural hardwood, no two pieces of Oak furniture have exactly the same grain pattern and color, instead, variations in grain and color result in uniquely complementary furniture groupings.

60”, 72” AND 84” BOOKCASES

To avoid the risk of a serious tip-over accident, these bookcases must be securely anchored to a wall. Refer to the assembly instructions for more information or see page 150 for details.

GUIDELINES FOR STACKING & MOVING FURNITURE

The number of pieces of furniture that can be safely stacked or moved on Virco’s mobile storage equipment will vary depending on many factors, including the furniture’s height, weight and general design, the speed at which the unit will be moved, the terrain over which it will travel and the strength of the operator(s). Care should be taken not to stack to the point of unsteadiness. Virco recommends starting with small, easily handled loads and adding one to two pieces of furniture at a time to determine the safe capacity for each set of conditions. Use Virco mobile storage equipment with appropriate Virco furniture only.

NOTE ON PRODUCT PHOTOGRAPHS:

Many of the Virco products in this catalog have been photographed with “props” to illustrate possible product uses. These props are only included with the product when the accompanying caption explicitly lists “props” to illustrate possible product uses. These props are only included when describing a product, the props are not appropriate Virco furniture only.

GUIDELINES FOR STACKING & MOVING FURNITURE

The number of pieces of furniture that can be safely stacked or moved on Virco’s mobile storage equipment will vary depending on many factors, including the furniture’s height, weight and general design, the speed at which the unit will be moved, the terrain over which it will travel and the strength of the operator(s). Care should be taken not to stack to the point of unsteadiness. Virco recommends starting with small, easily handled loads and adding one to two pieces of furniture at a time to determine the safe capacity for each set of conditions. Use Virco mobile storage equipment with appropriate Virco furniture only.

NOTE ON PRODUCT PHOTOGRAPHICS:

Many of the Virco products in this catalog have been photographed with “props” to illustrate possible product uses. These props are only included with the product when the accompanying caption explicitly indicates this to be the case. When a caption does not specify that props are included when describing a product, the props are not appropriate Virco furniture only.

Virco Warranty

Virco will repair or replace, at its option, any Virco furniture or equipment product which proves to be defective in original material or workmanship that may become evident within the first 10 years of the date of purchase and 5 years from the date of purchase for casters, glides, pneumatic cylinders and torsion bars. This is your sole and exclusive remedy. This warranty covers products manufactured after January 1, 2017, as long as product is owned by original purchaser, and is subject to the following limitations.

Limitations:

From the date of purchase, Virco’s warranty covers the items below as follows:

10 Years

Laminates, seating controls, all seating, desk, table and storage products unless otherwise indicated in this warranty.

5 Years

Glides, floor rocker foam pad, casters, pneumatic cylinders and torsion bars on mobile folding tables.

1 Year

Chairs with custom logos applied to their upholstered seats and/or backs.

Exclusions:

This warranty excludes:

• Apparent defects caused by abusive or abnormal use of the product.
• Products not assembled, installed or used in compliance with Virco’s product instructions or warnings.
• Failures resulting from inadequate inspection and maintenance.
• The effects of normal usage over time.
• Any damage caused during shipment (see the current Virco price list’s “Steps to Take When Receiving Shipments” for more information).
• Product modifications not approved by Virco.
• Vinyl and fabric upholstery material, except as may be offered by the mill source.
• Rust caused by natural elements or high exposure to moisture.
• Products used for rental purposes.

Natural Materials, Color Variations & Customer’s Own Materials

Leather, wood and other natural materials may have intrinsic grains or patterns or may show signs of minor checks, splits, imperfections and other natural variations. These differences are not a defect. Virco cannot warrant the matching of grains, patterns, textures, colors, or the color-fastness of such materials. In addition, Virco does not warrant Customer’s Own Material (COM) that is chosen and used in a Virco product at a customer’s request.

THERE ARE NO IMPLIED WARRANTIES OF FITNESS OR MERCHANTABILITY, AND THERE ARE NO OTHER EXPRESS WARRANTIES BEYOND THE WARRANTIES EXPRESSED HERE. ALL INCIDENTAL OR CONSEQUENTIAL DAMAGES WHICH MAY ARISE, INCLUDING BUT NOT LIMITED TO BUSINESS LOSSES, PERSONAL PROPERTY DAMAGE, AND THIRD PARTY LIABILITIES ARE HEREBY EXPRESSLY EXCLUDED.
