

WHEELCHAIR & ADA FURNITURE

Wheelchair & ADA Furniture

Virco's diverse furniture models for K-12 and higher learning venues include a selection of wheelchair accessible tables and desks as well as an offering of models that are truly ADA compliant. To meet Federal ADA standards, tables and desks must provide clearance under the worksurface of the following measurements: 30" width x 19" depth x 27" of vertical knee clearance. Tables and desks with an adjustable height range of 28"-34" are considered wheelchair compatible, even though they do not meet ADA standards.

Your Virco representative would be happy to help you evaluate our array of wheelchair-compatible and ADA compliant tables and desks for your campus.

Cafeteria Tables

Virco offers a variety of mobile cafeteria tables with a wheelchair-height option or an ADA compliant option. These tables deliver the same durability, and safety features built in to all Virco mobile folding tables.

Model	Seat Height	Stool Seats	Wheelchair Spaces	Table Height	Top Size
MTSO193156W	19"	6	2	31"	60" diameter

Student Desks

Please contact your Virco representative for sizes and work surface options and available colors.

TEXT® Series Desks

Virco's TEXT Series of adjustable-height desks and tables are ideal for wheelchair-accessible and ADA compliant applications.

TEXT Series with T-Leg

TEXT desks and tables are available with a T-leg with a lower profile upper frame.

723W and 723WM

The 723 Series offers you a choice of wheelchair-accessible and ADA compliant desks with a high-pressure laminate top or a Fortified Recycled Wood hard plastic work surface.

4000 Series

Virco's traditional 4000 Series gives you an additional single-student wheelchair-accessible and ADA compliant furniture alternative. 4000 Series models are available with a high-pressure laminate work surface.

ZUMA® Series Single-Student Desks

Single student desk models are available with a high-pressure laminate work surface. ZUMA adjustable-height desks have a top height range of 28" to 34".

ZDESK29W

An oversized work surface provides ample room for classroom materials and its cantilever leg design adds style.

ZBOOMW

The ZBOOMW adjustable-height desk can be used in traditional classroom arrangements or brought together in groups of four.

ZOCT

ZOCT adjustable-height desks can be used in traditional classroom arrangements or brought together in groups of eight.

ZHEX

ZHEX adjustable-height desks can be used in traditional classroom arrangements or brought together in groups of three or six.

Tables For Science, Technology And General Use

Please contact your Virco representative for sizes and work surface options and available colors.

4000 Series

Virco's traditional 4000 Series gives you an additional single-student wheelchair-accessible and ADA compliant furniture alternative.

TEXT® Series with T-Leg

These 24" deep tables can be used for standard work stations, in technology labs or as seminar tables.

Flip-Top Table Series

Virco's Flip-Top Series is perfect for classes that require keyed access to power and data ports.

Crank-Top Table Series

This adjustable-height table can be raised up to accommodate a wheelchair. These tables are ideal for a variety of classroom environments and are available for single or multiple student use.

Adjustable-Height Plateau®

This adjustable-height table can be used in a variety of school settings, from the classroom to the office.

Textameter™

Virco offers two Textameter instructor stations that will accommodate wheelchairs when specified without the pencil tray option.

Teacher Desk

Additional Options

Along with the furniture on the previous pages, Virco also has products that can be adapted to meet ADA and wheelchair requirements.

Lunada® Base Tables

For Lunada tables that are 30" x 48" and wider, fully raise the glides to achieve proper height for ADA compliance.

Plateau Tables

For Plateau tables that are 30" x 60" and wider, fully raise the glides to achieve proper height for ADA compliance.
